Your Guide to Easy Gardening in 1942

Flowerfield is proud to present this catalog, a living record of our 68 years of serving the gardening public. Flowerfield is proud also of what those years since 1874 have brought us. We have sound traditions and good gardening practice as our heritage. We make the most of them—and we want you, our customers, to make the most of them.

Flowerfield believes in certain principles as fundamental concepts of business. Only inasmuch as these basic tenets are passed on to you can we consider ourselves successful. Such beliefs are:

To promote good gardening, the kind of gardening which gets the most out of the individual subjects.

To present worthy new items—to present them fairly—and to present only those worthy of acceptance.

To produce good plants, plants which are capable of giving prize blooms, plants which, even in the hands of the amateur, are sturdy enough to weather adverse conditions.

And above all else, to be just in our dealings with the public.

Because of our strict adherence to these principles through the years, we have enjoyed a goodly portion of success. But what is more important to us—and we think to you—is that those who have been dealing with us have had their success too, in their gardens.

AS IS OUR CUSTOM

Everything purchased from us is covered by our guarantee. We (and you) can do no better.

Flowerfield offers these lovely American-grown subjects for your consideration. You may want to choose from any special listing, or wish that you had all of these lovely plants in your garden.

**BULB SECTION**

Gladiolus are one of the most popular bulbs for spring planting. Beautiful as a cut flower, ideal for use in the mid-border, sturdy and strong, no one can overlook Gladiolus. on pages 2-7

Lilies are Lilies and even Solomon in all his glory was never arrayed as one of these. Unusual, exotic—their uncommon grace and loveliness has captured the hearts of American gardeners for Lilies. on pages 8, 9

Dahlias are as independent and upstanding as our early American forbears. No gardener should miss knowing the adaptable new single and miniature Dahlias. on pages 10-13

Summer-Flowering bulbs comprise a host of interesting and useful bulbous plants. Such garden necessities as Begonias, Ismene, Cannas—but why not see all of the Summer-Flowering bulbs. on pages 14-17

**HARDY PERENNIAL SECTION**

Alphabetical listing of perennials starts on page 18 with Alyssum and ends on page 41 with Violas. But we're particularly proud of certain of our hardy plant specialties. For instance:

Chrysanthemums are a particular favorite of ours. You get so many blooms from each plant. Truly no fall garden is complete without 'Mums. on pages 22, 23

Iris Kaempferi is one of Flowerfield's chief claims to fame. As the world's largest growers of this lovely flower, we grow more than 400 varieties, many of them our own introductions. In our estimation, the world's most beautiful flower is Iris Kaempferi. on pages 27-29

**SEED SECTION**

Flower seed is one of the best ways to lend variety to your garden from year to year. Our list is not the most extensive—but it is a careful summary of the best reselected strains of seed. Quality, not quantity, enables you to be sure of having the newest and finest of flower seed. on pages 46-57

Vegetable seed is a "must" this year for your garden. For national defense, for economy, for good eating, plant vegetable seed. on pages 58-61

A children's garden is a training ground for good citizens for the future. At children's prices, too. on page 57

**GROUND COVER SECTION**

Grass seed, Pachysandra, Vinca—all are listed with our ground covers. on pages 41 and 64

Flowerfield has an unusual interest in presenting modern gladiolus. Our founder, John Lewis Childs, was the introducer to this country of the Gladiolus in the present state, the Gladiolus Childsi. Prior to his work in hybridizing, the Gladiolus was a small, half-wild plant of graceful effect but little garden value. Through John Lewis Childs all of the modern advances in Gladiolus culture were made possible. And that is why we feel that Flowerfield must carry on and present only the finest and best in Gladiolus. Naturally, with such an advantage, we, probably more than any one else in the country, know how to grow healthy, sturdy bulbs; and we do grow them, and herewith offer them to you.

Among the stylish gardeners, Gladiolus were for a time relegated to a spot in the cutting garden. For the past few years, however, more and more people have been coming to realize the very unusual success which may be obtained through proper use of the modern Gladiolus in your garden. Present day American hybridizers have produced many beautiful large-flowered varieties, in a range of color truly comparable to the rainbow. Gladiolus may be considered to have come into its own again.

Gladiolus have an advantage for the American grower in that they are extremely easy to grow, and, where good stock is used, are subject to very few diseases. They are one of those "easy gardening" plants. They prefer a sunny location, and well-drained soil. Planting should be from 4 to 6 inches deep. Our bulbs are absolutely guaranteed free from thrip and other infestations. Listed on the following pages are all of the good new varieties, and all of the finest standard varieties.

THE NEWEST GLADIOLUS

UNUSUAL and DISTINCTIVE for CONNOISSEURS and EXHIBITORS

ALADDIN Each 45c, Three $1.25, Doz. $4.50
Bright reddish-orange with a large cream shield in the throat, beautifully ruffled. Aladdin carries many blooms open at a time on its long flower spike. A fine strong variety, which has received many awards at the shows.

CHAMOUNY Each 50c, Three $1.35, Doz. $5.00
For those who like the unusual in flowers, no one could recommend a better subject than Chamouny, a light fuchsia-red, edged with a white line around the border of the petals. Bearing a medium-sized floret, Chamouny is very striking yet dainty. It is an outstanding variety for the garden, or for unusual arrangements in the home.

CHIEF MULTNOMAH Each 25c, Three 70c, Doz. $2.50
Named for an Oregon Indian Chief, this flower carries much of the Chief's bronze coloring and huge size. Chief Multnomah grows so very robustly that it is usually necessary to stake the spike as it is about to come into bloom; otherwise the height and weight of this stalk actually carries the flower head to the ground.

GRETA GARBO Each 50c, Three $1.35, Doz. $5.00
A recent introduction, this flower has taken and will continue to take more prizes than any other Gladiolus we know. Greta Garbo is sometimes called a pink, sometimes referred to as a cream, for while the buds and the first opened florets are a very light cream-pink, the flower rapidly becomes a rosy white after the florets open to their full size, which often measures six inches across. Greta Garbo averages probably more florets to the spike than any other variety grown, and this flower spike is carried well above the ground on a tall, very strong stalk.
DAMARIS
Each 25c, Three 70c, Doz. $2.50
A ruffled variety that is one of the loveliest colors for your garden, being a beautiful fuchsia-purple. It is particularly effective when used in an arrangement of cut flowers.

GREEN LIGHT
Each 35c, Three $1.00, Doz. $3.50
The especial charm of this variety arises from its peculiar greenish gloss, which overlays the milky white of the large, well formed, slightly ruffled florets. This is particularly pronounced in the bud stage, when the flower appears really green, a very unusual occurrence in Nature.

MARGARET BEATON
Each 25c, Three 70c, Doz. $2.50
One of the best new varieties that has appeared on the market in recent years. Huge glistening white florets with brilliant scarlet throat. It is a large, sturdy plant which makes a most dramatic note in the garden.

MYRNA
Each 50c, Three $1.35, Doz. $5.00
For those who prefer ruffled Gladiolus this is certainly the white variety. It has a soft creamy throat, shading to cream-white on the edge of the petals. The florets are very large, of good substance and are opened many at a time. It is beautifully adapted to garden use.

OKARINA
Each 40c, Three $1.10, Doz. $4.00
One of the darkest of the smokies, a Gladiolus which gives us faith in the future of this class. The flowers, dark grey streaked and hued with flame, are large, of fine form and excellent substance. The spikes are strong and upright.

RED ENSIGN
Each 35c, Three $1.00, Doz. $3.50
Almost the exact reverse of Margaret Beaton, Red Ensign is a beautiful scarlet-red with a striking snow-white throat, equally as dramatic as Beaton. A tall, upstanding variety, with huge, well placed florets, best used as an accent point in your garden.

RED LIGHTNING
Each 45c, Three $1.25, Doz. $4.50
A low growing variety with a striking scarlet floret, and a bright yellow throat. The flowers are very large and indeed well named, for the effect it gives in the garden is as startling as lightning.

RIMA
Three 40c, Doz. $1.50, Hundred $12.00
A huge, but withal dainty, pink, Rima is for those gardeners who like pastel shades, and will undoubtedly become one of the most popular Gladiolus that we list. Tall and stately with many florets opening at a time, Rima is an excellent exhibition or garden variety.

SURFSIDE
Each 40c, Three $1.10, Doz. $4.00
The best known new white which has taken many prizes in the New England shows. Surfside has beautifully ruffled white blooms with a slight pencil line in the throat. The large number of florets opening at once distinguish this variety.

TWEEDLEDUM
Each 35c, Three $1.00, Doz. $3.50
The primulinus type Gladiolus that is becoming so popular among the garden club groups. The very dainty miniature flower, a beautiful combination of maroon and canary-yellow, makes it almost resemble a cascade of pansies.

TWEEDLEDEE
Each 35c, Three $1.00, Doz. $3.50
The companion flower to Tweedledum, taller and larger, bearing the same type flower.
GLADIOLUS in the RAINBOW’S

(AND BLENDS THAT NATURE NEVER EQUALS)

Albatros  
Ten 45c, Hundred $4.00
An old variety which still must be listed because it is one of the best in its class. Albatros is a tall and sturdy plant with very large snow-white florets.

Allegro  
Ten $1.35, Hundred $12.50
A light lavender-blue with two dark blue blotches ending in peculiar white arrows. The spikes are long and developing perfectly, usually carrying at least six open flowers.

Arethusa  
Ten $1.00, Hundred $9.00
A glowing orange-red with a slightly darker blotch. A fine new variety that is deservedly well known on the exhibition table.

Bagdad  
Ten 45c, Hundred $4.00
One of the best known of the smoky varieties of Gladiolus. Bagdad is begonia-rose mixed with gray and gold, a combination that fits in beautifully with the pastel shades.

Beacon  
Ten 70c, Hundred $6.50
A bright rose-scarlet with a very large cream throat shield. Very tall spikes, heavily budded, carrying many large flowers at a time. This is a most sturdy gladiolus with a striking color scheme.

Bill Bowden  
Ten 60c, Hundred $5.50
One of the huge flowered varieties which has come from New Zealand. Bill Bowden is a very rich red of heavy substance.

Bleeding Heart  
Ten 50c, Hundred $4.50
A small flowered variety that is most striking because of its soft pink and white florets with deep crimson throat. A very lovely cut flower, or grows gracefully in a border.

Blue Beauty  
Ten $1.35, Hundred $12.50
The color of this outstanding Gladiolus is light blue, with the edges of the petals lined in violet-blue tones. Large sized florets of fine form. This is an excellent exhibition variety, and has taken many prizes.

Blue Danube  
Ten 65c, Hundred $5.00
A lovely pure amethyst-blue with a dark blotch. The closest to a blue variety yet developed, very little of the mauve shade in it.

Caroica  
Ten 95c, Hundred $8.50
A very showy and vivid orange with a lighter throat bearing a few flecks of deeper petal color. The stems curve attractively. Caroica is decidedly a novelty but makes a fine cut flower for an unusual effect.

Charles Dickens  
Ten 50c, Hundred $4.50
This well-known magenta colored Gladiolus is most attractive in the garden, particularly in combination with a yellow such as Golden Dream, where the sharply contrasting colors make a beautiful picture. It is equally at home in the cut flower bowl.

Commander Koehl  
Ten 45c, Hundred $4.00
A fine dark scarlet-red without any marking or blotches, a sturdy consistent grower, which has made a great name for itself.

Debainair  
Ten 50c, Hundred $4.50
Another of the tall large-flowering Gladiolus. Debanair has taken many prizes for its huge blooms and sturdy stalks. Light apricot-pink.

Dune  
Ten 65c, Hundred $5.00
A soft buff-pink which fades to cream at the petals’ edge. The backs of the petals are a different color, being a darker pink which seems to set off the flowers’ lightness. Five to six large flowers are open at once on a straight spike of medium height.

Gate of Heaven  
Ten 50c, Hundred $4.50
Probably the best all-around yellow. It has well-spaced florets beautifully ruffled which are the largest of its color class. Its brightness makes it worthy of the name.

Gloaming  
Ten 75c, Hundred $7.00
Slightly ruffled; bright purple with an attractive white throat. The florets are most effectively set on the tall spike.

Gold Dust  
Ten 85c, Hundred $8.00
A rich pure yellow with great purity of form. This is an early variety. Long flower head with 6 to 8 flowers open. This variety can be grown successfully with Pelagrain, which is much the same height and size in a beautiful violet-blue.

Golden Chimes  
Ten 50c, Hundred $4.50
The very ruffled form of Gladiolus in the lighter yellow class. The tall spike does not bear a large flower but makes a most attractive contrast for deeper shades in the garden.

Golden Dream  
Ten 50c, Hundred $4.50
A fine clear golden yellow. Golden Dream is an old favorite that is still in use in many gardens due to its consistency of growth and clarity of color.

Helena  
Ten $2.00, Hundred $18.50
A large flowered deep magenta-red. This makes a most decorative garden or cut flower, particularly when combined with lighter, contrasting colored Gladiolus. The fine placement of florets is another recommendation for this variety.

Isola Bella  
Ten 60c, Hundred $5.50
This is a fine new introduction but a hard one to describe. It is really an orchid-pink with a soft lilac hue. The petals are slightly ruffled, but even at the bud stage show this lovely color, very much like that最爱 of Iris Koempfe, Light-in-the-Oap.

Jalna  
Ten 75c, Hundred $7.00
A very handsome well-blended smoky variety of Gladiolus, tan with overtones of salmon. The florets are nicely ruffled.

Jasmine  
Ten 65c, Hundred $6.00
Clear pale lemon-yellow without any markings. Slightly ruffled florets, borne many at a time on a tall slightly curved spike. This is an early type and seems to stand summer heat very well.

Johann S. Bach  
Ten 60c, Hundred $5.50
Exquisite early flowering variety in the large orange-red class. White median lines on each petal help to beautify the appearance of the flower and spike. Strong grower.

Joseph Haydn  
Ten 85c, Hundred $7.50
The deep tones of the Gladiolus remind one strangely of Haydn’s music. The color is a light heliotrope-violet with darker violet blotches on the lower petals. The florets are very large, and of heavy substance. They are spaced rather far apart, which makes it ideal for informal garden use.

King Arthur  
Ten 50c, Hundred $4.50
A variety that is one of the best of the mauve-pink Gladiolus. King Arthur is low-growing and opens few florets at a time, but the color is a lovely washed magenta overlaid with blue. The large, very artistically ruffled florets make it one of the finest garden subjects.

King Lear  
Ten 75c, Hundred $7.00
A very tall variety, King Lear has the same fuchsia coloring as Charles Dickens, but has larger, more ruffled florets. The curved stem and drooping flowers of King Lear make it a most decorative variety for the garden.

Loyalty  
Ten 60c, Hundred $5.50
A yellow that is so deep it almost becomes an orange. This Gladiolus carries very large florets for the yellow class, and is one of the newer varieties. Tall, upright.
EVERY BRILLIANT HUE
ALL BULBS TOP SIZE FOR LARGER FLOWERS

Maid of Orleans  Ten 50c, Hundred $4.50
This is a fine all around white, particularly adapted to cut flower purposes. A soft cream shade in the center tends to turn pure white on the outer edges of the petals. The florets are well shaped and particularly well arranged on the long flower head. Long lasting when cut.

Max Reger  Ten 55c, Hundred $5.00
In color this variety is a light lavender-blue with a darker throat marking, ending in small white points which gives the appearance of a beautiful blue butterfly. One of the better blooming spikes tall, slightly curved. Late bloomer.

Maytime  Ten 65c, Hundred $6.00
A large light pink flowering on tall spikes. Similar to Picardy but a lighter pink, and a better cut flower. The florets are large and are openly spaced.

Minuet  Ten 50c, Hundred $4.50
The standard orchid-stand Gladiolus which is so well known as a cut flower in the market. This Gladiolus is sturdy and grows very uniformly. As many as eight florets are open at once. It is an ideal cut flower.

Miss America  Ten 65c, Hundred $6.00
A tall lovely pink variety of Gladiolus. Florets large, rather widely spaced along a very tall, gracefully curved spike. A garden type rather than a cut flower.

Miss New Zealand  Ten 75c, Hundred $7.00
The original New Zealand type Gladiolus with typical huge florets and heavy stalks. Miss New Zealand is a shrimp-pink fading to begonia rose. The florets are immense, many open at a time, and sometimes are delightfully mottled with darker rose colored spots. It is one of the best.

Mother Machree  Ten 50c, Hundred $4.50
A smoky Gladiolus which is almost impossible to describe. The general color is lavender with tan overtones, shot thru with flame-salmon markings. Most unusual, yet most attractive. Many good sized florets open at once along the tall flower spike.

Mrs. E. J. Heaton  Ten 50c, Hundred $4.50
A large glowing salmon-pink shading to a cream in the throat. Although rather low growing, it carries many large flowers and many buds on a strong sturdy spike.

New Era  Ten $1.00, Hundred $9.00
A pure pink, much has been said of this new large flowered Gladiolus. Florets beautifully ruffled and opened six to eight at a time on long straight spikes. Considered by many as a new commercial sort.

Ninth Symphony  Ten $1.00, Hundred $9.00
A vivid salmon-red, with a silky sheen, one of the best of Pfitzer's introductions. A very tall variety with very large wide open florets that are of heavy substance. The shade is the same as that of Grootel, its matchmate in dahlias.

Peggy Lou  Ten 85c, Hundred $7.50
One of the new commercial type flowers, this variety has pink florets with an overlay of blue to give it an opalescent effect. A fine cut flower.

Polar Ice  Ten 55c, Hundred $5.00
So white that it is almost a blue-white, like the snow on top of a high mountain, or like the polar ice for which it is named. The florets are extra-large and very well arranged. One of the earliest varieties to bloom in the garden. Excellent for forcing.

Recado  Ten $1.35, Hundred $12.50
One of the brightest of the smokies, dark brown splashed with red-orange at the base of the florets. Sturdy grower with large blooms.

Red Lory  Ten 50c, Hundred $4.50
That much sought after rose-red color, almost the color of sunlight seen through a glass of burgundy wine. Red Lory is most popular, either for a vivid contrast in your garden or a beautiful effect in a bouquet.

Red Phips  Ten 45c, Hundred $4.00
A striking red flower with vivid green foliage, suggesting the red and green at Christmas time. A very brilliant effect for the garden, and equaly good for cut flowers. The flower spike is long, with many open florets at one time.

Rewi Fallu  Ten 65c, Hundred $6.00
These flowers are huge and red, this being another of the New Zealand varieties which are known for their tremendous size. Named for its Maori hybridizer, Rewi Fallu is one of the finest dark reds.

Shirley Temple  Ten 75c, Hundred $7.00
A huge cream and white variety. When grown in the full sunlight, this gladiolus will make stalks that curve fantastically, but if planted in an area where it does not get too much sun, it will become one of the finest exhibition varieties of Gladiolus.

Smiling Maestro  Ten 50c, Hundred $4.50
A large flowered variety, salmon-rose in color. This is a very good cut flower type. Long spikes with many florets open.

Sonatine  Ten 50c, Hundred $4.50
One of the tallest varieties of Gladiolus that we list. Sonatine is a true pink in color, often set off by a narrow white line down the center of each petal. This variety can be used for the cutting garden, for it has long stems and good substance. The florets are very large and spaced beautifully along the tall spike.

Star of Bethlehem  Ten 65c, Hundred $6.00
A pure white Gladiolus which, in its color class, is probably the best variety in existence. The color is soft white with a slight tinge of cream on the lower petals. The florets are huge, flat opening, 6 to 8 open at a time on tall, slender spikes.

Vagabond Prince  Ten 55c, Hundred $5.00
Probably the best known of the smoky varieties, Vagabond Prince’s mahogany colored flower with a red shield in the throat is one of the most striking varieties for a fine accent mark in your garden. Excellent for cut flower purposes.

Wasaga  Ten 50c, Hundred $4.50
A fine clear tan-colored Gladiolus. Ruffled florets are carried well on tall upstanding stems of much vigor. The buff color is unusual and attractive.

Vredenburg  Ten 50c, Hundred $4.50
The pure white flowers that you so often buy in the florist shops. Vredenburg has large florets opening very effectively. It is an excellent cut flower.

Wurtembergia  Ten 55c, Hundred $5.00
A very lovely scarlet with a large cream shield in the throat, quite similar to Beacon in its color combination, but a different shape flower and a shorter stem, making it more suitable for a garden subject. A fine accent point for your medium border.

Zumi  Ten $1.35, Hundred $12.50
A large spike of silvery rose, hued with lavender and flame. An outstanding smoky variety that will create much comment, whether in the garden or in floral arrangements.
EVERY ONE IS—IN OUR OPINION—THE FINEST

PICARDY

Until some of the newer Gladiolus become as popular and as low in price, Picardy is and will be THE Gladiolus. Almost too well known to describe, Picardy has lovely pink florets, and a cream throat, and can be seen in any florist shop. Grown from our huge bulbs, we know you can have the finest type of flower in your garden. Superlative variety despite its low price.

AVE MARIA

A lovely soft blue floret, with a deep red-purple throat, and a very graceful form identify this Gladiolus as one of the finest of the blue varieties. An ideal cut flower and equally good in the garden.

MISS BLOOMINGTON

The canary-yellow florets, arranged ideally along a good spike, make this a most decorative type of garden Gladiolus. It is particularly attractive when used to set off darker spots in the border or to contrast with deeper-toned Gladiolus.

DR. F. E. BENNETT

The best all around bright red. It is a pure scarlet-red with a few white flecks on the well formed petals. This Gladiolus carries many buds and many open florets at a time.

MEDIUM-PRICED VARIETY IN ITS COLOR RANGE

PELEGRINA
This is the only pure dark violet-blue variety that has stood the test of time and growing conditions. An early variety which can stand full sun without wilting. In the garden it makes an ideal subject because it blooms so uniformly.
Ten 50c, Hundred $4.50

MARMORA
A beautiful French-gray with pink overtones and a throat of dark red-purple. A most striking and lovely variety, in an unusual shade. The blooms are very large and are beautifully placed on long straight stems.
Ten 65c, Hundred $6.00

MAMMOTH WHITE
Mammoth as its name, this huge snow-white Gladiolus is ideal for those who like huge blooms. A sturdy, tall variety that is equally at home in the garden or as a cut flower. This is one of the few whites that has no creamy throat—it is pure snow-white.
Ten 55c, Hundred $5.00

BETTY NUTHALL
Far from a new variety, Betty Nuthall still must be listed because of its following among the garden growers of Gladiolus. Warm coral-pink, having a soft cream throat. The flower spikes are long and graceful, carrying from six to eight large, well-expanded blooms open at one time.
Ten 45c, Hundred $4.00

HARDY LILIES for all-summer bloom

Lilies in the garden strike a note of majestic and graceful dignity. Originally collected from the mountains and prairies of our own country and from far-off corners of the world, they vary greatly in flower, time of bloom and cultural requirements. Some, like Auratum, produce huge flowers of breath-taking beauty. Candidum is famous as a symbol of purity. Others, like Tigrinium, are rugged individuals, fiercely proud of their independence.

Flowerfield offers an exceptional group of the finest Lily varieties, outstanding in the unusual colorings and exotic charm they bring to the garden. Their steady progression of blooms from June to late September, is a delight to all. Thanks to the advance of horticultural skill, most varieties are in this easy-to-grow class. Like all members of the bulb family, Lilies require perfect drainage. A handful of sand beneath each bulb will care for this. Most prefer a slightly acid soil, and are happiest when their roots are shaded by low growing plants.

**AURATUM**
Each 60c, Three $1.60, Doz. $6.00
(The Gold-Banded Lily.) Largest of the Lily family, often growing to six feet, with individual blooms measuring ten inches across. Flowers are pure white, thickly studded with maroon specks, and have a golden stripe running through the center of each petal. They are intensely fragrant and come in tremendous clusters atop the strong leafy stems. Bloom in July and August. Extremely scarce. ORDERS TAKEN FOR FALL DELIVERY ONLY.

**BATEMANNIAE**
Each 50c, Three $1.40, Doz. $5.00
Erect chalice-shaped flowers of rich apricot color produced in July. Grows about 3 to 4 feet and enjoys full sunlight. These lovely Lilies are somewhat like Elegons in habit and make a splendid garden subject.

**CANADENSE**
Each 25c, Three 70c, Doz. $2.50
(Meadow Lily.) A beautiful woodland variety, growing over 3 feet tall. The lovely sprays of nodding flowers are most effective when seen in a naturalizing planting near shrubs or evergreens. We offer two colors: Flavum, a clear yellow with brown specks, and Rubrum, a brilliant orange-scarlet.

**CANDIDUM**
Each 35c, Three $1.00, Doz. $3.50
(Madonna Lily.) Stately Lilies, known the world over for their snow-white flowers, with golden anthers, and delightful fragrance and long lasting as a symbol of innocence and purity. Excellent for combining with Delphinium Bella-donna, the grouping of pure white and light blue making an incomparable picture of loveliness in your garden in late June and early July. ORDERS TAKEN FOR FALL DELIVERY ONLY.

**DAVIDI**
Each 85c, Three $2.25, Doz. $8.50
A fine Lily from Western China, very graceful, with a tall, slender stem, strong and erect and bearing up to twenty or more bright cinnabar-red tiger-like flowers, copiously spotted with glossy black. It combines a very refined and elegant appearance with a splendid constitution and is one of the best summer-flowering Lilies we have. Height 5 to 7 feet. Plant in either a sunny or partially shaded position.

**ELEGANS**
Each 35c, Three $1.00, Doz. $3.50
Dwarf but erect plants, growing 1 to 2 feet high, with large, showy, cup-shaped flowers in many brilliant colors. They bloom in June and are most effective when planted in the foreground of the border next to Pansies or other low-growing plants. One of our sturdiest Lilies, growing readily with a minimum of care.

**ALICE WILSON.** Bright lemon-yellow.

**ATROSANGUINEUM.** Deep red.

**ORANGE HIRELLUS.** Vivid orange.

**HANSONI**
Each 35c, Three $1.00, Doz. $3.50
One of the best varieties for moderate shade, lasting for years in one location when well established. In June it produces many reflexed flowers of golden yellow, lightly spotted with black. Noted for its intense fragrance. Grows 3 to 4 feet in height.

**HENRYI**
Each 40c, Three $1.10, Doz. $4.00
(Yellow Speciosum.) A vigorous garden variety known for its unfailing reliability. Grows to a height of 8 feet or more, carrying 20 or more flowers in July. Blooms are bright orange-yellow, spotted brown, with reflexed petals, being remarkably similar to the Speciosum in form.

**MAXWILL**
Each 65c, Three $1.75, Doz. $6.50
A splendid new Hybrid Lily from Canada, free-flowing and remarkably free from disease. A cross between Lilium Leichtlini var. Maximowczii and Lilium Willmattieae, it produces 20 or more flowers of bright orange-red with recurved petals. Quite a tall and strong grower, reaching a height of 6 to 7 feet. A splendid border Lily. Blooms in July.

LILILUM REGALE—THE ROYAL LILY

Page 8
PARDA LINUM Each 25c, Three 70c, Doz. $2.50 (Sunset Lily or Giant Leopard Lily.) A true American variety, developed on the Pacific Coast. Vigorous, hardy and of easy culture. Grows up to 6 feet with strong canes bearing clusters of flowers. The orange-red “Turk’s Cap” flowers are dotted with brown spots and have back-curving petals. Blooms in July and is happy in either sun or partial shade.

PHILIPPINENSE FORMOSANUM Each 40c, Three $1.10, Doz. $4.00 (Hardy Easter Lily.) One of the most satisfactory Lilies to grow and a splendid source of cut flowers. Blooms are true trumpet Easter Lily shape of lovely pure white, the throat suffused with attractive emerald-green. Unique among Lilies in its extended blooming season, beginning in August and continuing until frost. When thoroughly established the bulbs will form clumps, sending up 3 to 4 stems, each giving 4 to 5 large blooms. Height 4 feet.

REGALE Each 30c, Three 85c, Doz. $3.00 More widely grown in recent years than any other variety, and truly deserving of the attention given it. Great trumpets of glistening white, tinged on the outside with soft rose and suffused with gold within. Possess a noted fragrance, quite apparent in the garden and that will pervade a whole room with perfume from one or two cut blooms. Free-flowering, giving 15 or more blooms from established plants. Height 4 to 6 feet. Flowers in late June.

SHUKSAN Each $1.35, Three $3.75, Doz. $13.50 A new Hybrid Lily from the Pacific Coast that will become very popular when better known. The color is most unusual, soft buff-yellow, heightened by widely spaced brown spots. The flowers are definitely reflexed, often giving the impression of almost ball-shape. A vigorous grower, never being infected with disease. Grows 5 to 6 feet in height, with 15 to 25 flowers.

TENUIFOLIUM Each 20c, Three 50c, Doz. $1.05 A dwarf, graceful Lily with fine leaves and clusters of tiny bell-like recurved flowers of intense coral-red. Its compact growth and bright color makes it ideal for rock garden as well as the fore part of the border. Likes a cool, damp, loamy soil and partial shade. Plant in clumps of three or more. Blooms in June.

TENUIFOLIUM, GOLDEN GLEAM Each 40c, Three $1.10, Doz. $4.00 A strong growing hybrid form of the TENUIFOLIUM much admired for its unique coloring of pure apricot-yellow. Bulbs are decidedly scarce.

SPECIOSUM Lilies

Bulbs are decidedly scarce.

The finest of the showy Lilies. Plants are strong with long handsome leaves. Grow 3 to 5 feet tall and bear great loose sprays of magnificent, delicately scented flowers. Reflected petals of thick, heavy substance. They are easily grown and will thrive in full sun or partial shade. Flower in August and September.

ALBUM Each 60c, Three $1.85, Doz. $6.00 Glistening white blooms with greenish white striping on each petal, deep yellow anthers.

RUBRUM Each 50c, Three $1.35, Doz. $5.00 Carmine-pink suffused white with vivid carmine-red speckles. The petals are curved back and somewhat fluted on the edge. Their form and color are exquisite. Particularly lovely for cutting.

MAGNIFICUM Each 50c, Three $1.35, Doz. $5.00 White, tinted rose and spotted with beautiful crimson. Has the effect of a rare Orchid.

SUPERBUM Each 25c, Three 70c, Doz. $2.50 A native to the eastern part of the United States where it is widely known and appreciated. Of sturdy growth, often reaching a height of 10 feet or more, bearing from 20 to 30 reflexed flowers varying in color from pale yellow to deep crimson, spotted on the interior surface of the petals. Grows in almost any location, succeeding on well-drained hummocks in boggy land where other Lilies will not grow. Flower in late June.

TIGRINUM SPLENDENS Each 25c, Three 70c, Doz. $2.50 (Improved Tiger Lily.) The grandest of the Tigers; black polished stems. Very large pyramids of flowers of bright orange-red, spotted black. Extremely easy to grow. In old gardens it is a common sight to see established clumps of 25 to 30 stems, bearing huge masses of flowers carried 4 feet high in August.

TIGRINUM FLORE-PLENO Each 30c, Three 85c, Doz. $3.00 (Double Tiger Lily.) The only Lily available in true double form. All the wild beauty of the Single Tiger Lily, improved by an extra whorl of petals. Bloom just a bit later than the Single Tiger Lily, prolonging its bright color in the garden.

UMBELLATUM Each 25c, Three 70c, Doz. $2.50 Large upright cup or chalice shaped blooms of bright scarlet held erect on stems 1 to 2 feet high. Flowers in June and is very effective in the foreground of the border. Naturalizes perfectly.

Dahlias

In the
JOHN LEWIS CHILDS
Tradition

Dahlias are one of the most fascinating flowers you can grow in your garden. For variety of size, shape, color, and height they have no equal. They may be used in the border, or en masse, or as a decorative background, depending on the variety.

For garden use, the new single and miniature Dahlias are especially well adapted, their compact bushes making them excellent garden subjects. All—pompoms, singles, miniatures, giants—make equally fine cut flowers.

We at Flowerfield have selected the most outstanding varieties of each type according to color and size. Choose from them in the following carefully prepared list. Plant them with the knowledge that our care in growing and storing assures you of the finest results.

POMPON DAHLIAS

Flowers unsurpassed for perfection in form, blooming in a variety of pure and blended colors making them the little beauties of the Dahlias. Grow them for garden effect, cut them for house decoration. You will find these bushy plants hard to beat.

Amber Queen
Each 25c, Three 70c, Daz. $2.50
Button-like blooms of amber, shaded to apricot, carried well above the dark foliage of the plant.

Belle of Springfield
Each 25c, Three 70c, Daz. $2.50
Bright brick-red flowers on long stems. Excellent for cutting.

Betty Anne
Each 25c, Three 70c, Daz. $2.50
Soft rose-pink flowers of uniform size. One of the best.

Indian Chief
Each 25c, Three 70c, Daz. $2.50
Bright red petals tipped with white. It blooms very freely and continuously and is unexcelled for cutting.

Joe Fete
Each 25c, Three 70c, Daz. $2.50
Its pure white bloom is unsurpassed. Its long stems make it a perfect flower for cutting.

Mary Munns
Each 25c, Three 70c, Daz. $2.50
A mallow-purple bloom growing on a long stem, producing flowers of high merit.

Sunny Daybreak

SINGLE DAHLIAS

Glorious as Cut Flowers and the Plants are Sturdy but Graceful Garden Subjects

Charmingly simple, exquisitely colored, single Dahlias are one of the finest of garden plants. They require no staking and may be used with fine effect in the mixed border. Long lasting, unsurpassed as a cut flower, beautiful in the garden.

Chancellor
Each 50c, Three 1.35
The unusual color combination of this flower is one that you should not miss. A brownish red 5-inch flower with a blood-red halo and dark center, it grows on strong stems. It makes a fine lasting cut flower. Height 3 ft.

Pequot Yellow
Each 50c, Three 1.35
A 5-inch broad-petaled flower of clear yellow, graceful on a strong wiry stem. Unsurpassed for exhibition, its pure color makes it a "must" in your garden. Height 3 ft.

Snow White
Each 50c, Three 1.35
A pure white bloom with serrated petals 5 inches across. Its delicate beauty makes Snow White worthy of its name. It grows robustly and as a cut flower has wonderful keeping qualities. Height 4 ft.

Thrill
Each 75c, Three 2.00
Appropriately named, this is indeed a striking combination. Radiating from the sunburst center are bright cardinal-red petals with a distinct white spot at the end of each. A showy display and it blooms profusely. The blooms are 4 inches across on 3 ft. bushes.
Miniature Dahlias

ALL THE GLORIOUS COLOR AND FORM OF THE BIG FELLOWS IN A SIZE
READY-MADE FOR CUTTING

Dwarf bushy plants that require no staking, disbudding or fusing, which give you week after week, a constant supply of little Dahlias which, in everything except size, reproduce all the beauty of the giant prize-winning blooms of the big Dahlia shows.

For the home garden, the smaller size of the Miniatures is a distinct advantage. The flowers, which average about three inches in diameter, are ideal for cutting and for arrangements, for which purpose they have become extremely popular. The stocky plants (2 to 4 feet tall, according to variety and conditions) are not too big for the mixed flower border; or for planting, 18-20 inches apart each way, for a colorful mass effect. They are ideal for planting after early spring bulbs or wherever a summer "bare spot" is to be filled.

But the greatest advantage of these Miniatures is their easy culture and their "cut-and-come-again" quality. The more you cut 'em the better they like it! If you haven't yet tried any Miniatures, include a few in your next order, and take our word for it that you will be more than delighted with them, even if you don't care for ordinary Dahlias.

ANDRIES Orange MSC Each 50c, Three $1.35
A bright orange flower of an exceptionally clear, attractive tone, growing on perfectly straight stems. They make a beautiful display in the garden or as a cut flower in the house.

Baby Beauty MFD Each 25c, Three 60c
Aptly named, this is the miniature of unsurpassed Jersey's Beauty. It is violet-rose shaded to a rose-pink. Its form is perfect.

Baby Royal MP Each 25c, Three 60c
Solomon-pink, delicately shaded with apricot, blending to yellow at the base of the petals. Exceptional in that it commences the season as a semi-cactus, and later changes to a peony-type flower.

Baby Sneaks MFD Each $1.00, Three $2.50
Its clear canary-yellow flowers are placed on excellently proportioned stems, making them unexcelled for cutting.

Bishop of Llandaff MP Each 50c, Three $1.35
An unusual and very attractive flower of bright scarlet with a deep garnet center. The lacy foliage is a beautiful reddish bronze color which makes it stand out in any planting. For landscape, exhibition, or home arrangements, this plant deservedly is highly popular.

Couronne MID Each 25c, Three 60c
An excellent white of uniform size. Grown with other varieties, it creates a wealth of pleasing contrast.

Eclipse Jr. MFD Each 35c, Three 90c
A golden yellow flower which grows on bushy plants of good height. Its pure color and long stem recommend it as an outstanding cut flower.

Fairy MFD Each 25c, Three 60c
An early and continuous bloomer of soft violet-rose, shading mouse at the tips. Its form is perfect and its keeping qualities are exceptional.

Jean MID Each 25c, Three 60c
Apricot-buff flowers suffused with lilac-rose rise from strong compact bushes. It is a profuse bloomer, some of the flowers tending toward semi-cactus form.

Little Louis MSC Ea. 25c, Three 60c
An attractive pink flower of the semi-cactus type. Its form and pure color have made it a persistent prize winner.

Paddy MFD Each 25c, Three 60c
Small graceful flowers of a bright flesh color. The small size of the blooms plus perfection of form make them particularly attractive.

Peatle Conway MFD Each 25c, Three 60c
Beautiful lavender-pink flowers on long stems make this variety exceptionally good for cutting. The profusion of bloom insures you of a continuous supply.

Pink Lassie MP Each $1.50, Three $4.00
A charming flower for arrangement, one which has taken first rank in many gardens throughout the nation. The color is a soft rose-pink with cream and lighter shading toward the center. The flowers, on long slender stems, are wonderful for all purposes.

Red Head MFD Each 25c, Three 60c
Fiery scarlet blooms on long stems. The color of this small flower is a brilliant shade of red not usually seen.

Sahlican's Sweetheart MSC Each 25c, Three 60c
Outstanding for the brilliance of its rich yellow flowers, this variety is a free and continuous bloomer on bushy plants. A popular Dahlia.

Snowsprite MSC Each 75c, Three $2.00
Artistically shaped flowers of glistening snow-white, on perfect stems. It is unquestionably one of the best miniatures grown. Blooms are of fine consistent form and are held boldly above the foliage in marked profusion.

Large and impressive flowers of apricot-buff with salmon tints shading to soft yellow at the base of the petals, making this one of the most popular Dahlias. The massive flowers are very attractive.

Anne Benedict ID Each 35c, Three 90c
A splendid dark red flower with black shadings near the center, growing on strong stems. It has had a long period of well-deserved popularity.

Arelia Lloyd ID Each 35c, Three 90c
Giant flowers of extreme beauty, growing on strong stems. A clear lemon-yellow color with faint pink suffusion at tips of petals. It is an early bloomer.

California Idol ID Each 50c, Three $1.35
A constant winner, its popularity is due to its immense deep flowers of glistening lemon-yellow. Blooms are carried on stout stems and appear profusely on the sturdy plant.

Cavalcade FD Each 35c, Three 90c
In form and bush this Dahlia resembles the famous Jersey’s Beauty. It is larger, however, and its coloring is darker. The blooms of mulberry and deep red are perfect for cutting.

Clara Carder ID Each 35c, Three 90c
An exceptional cyclamen-pink shade. The flowers are large, and of pleasing, irregular form. It is a strong growing variety with good stems.

Eagle Rock Fantasy ID Each 50c, Three $1.35
A mid-season bloomer, this tall growing Dahlia has flowers of clear mallow-pink with silver shadings. Blooms measure as much as eleven inches in diameter.

Elridge 1D Each 35c, Three 90c
One of the best pure white Dahlias, growing on long straight stems. Planted with other varieties, it enhances the garden effect by bringing out the other garden colors.

Ellet C Each 35c, Three 90c
A medium large cactus type having full centers. The color is deep crimson-carmine, making it a very distinctive flower.

El Toreador FD Each 35c, Three 90c
One of the most outstanding reds. Produces flowers of good size and form on long straight stems, ideal for cutting.

Forest Fire ID Each 50c, Three $1.35
A truly striking variety, well named. The large blooms blend from a yellow center to scarlet at the petal tips, giving the effect of a sweeping flame.

Fort Monmouth 1D Each 50c, Three $1.35
An old standby which is very popular. The predominating color is rich claret, with brightness unusual in darker tones. Flowers are full centered and well formed, stems long and stiff.

Frau O. Bracht SC Each 75c, Three $2.00
A semi-cactus type that occasionally qualifies as a cactus type. Very popular as a cut flower as well as for exhibitions. The clear primrose-yellow blooms grow profusely in any garden.

Golden Goblin FD Each 35c, Three 90c
Large golden blooms held on strong erect stems. The rich color and long stems make this a valuable addition to any garden. Well adapted to cutting.

Good Night ID Each 35c, Three 90c
A favorite of those who enjoy the darker varieties. These flowers are garnet, shaded to maroon. Blooms are large, of good form, and grow on exceptionally good, strong stems.

Gretil SC Each 35c, Three 90c
The soft deep orange-red flowers on long stems make this one of the most popular flowers for exhibition, cutting and arrangement. Its formation is unusually perfect, the color appealing. Match this with Ninth Symphony, the same exact color in gladiolus.

Hunt’s Violet Wonder ID Each 50c, Three $1.35
A flower of deep rosy magenta blending into a true purple in color. Petals are broad and well suited to such a large flower.

Improved Francis Laracco FD Each 35c, Three 90c
A larger and more perfect Francis Laracco. The yellow color is clearer and the stems longer.

James Kirby ID Each 35c, Three 90c

Are You by Any Chance Overlooking the Glories of SUMMER FLOWERING BULBS?

Among them you will find some of the most satisfactory and easily grown of all garden flowers. Realizing their importance to the gardener, Flowerfield has assiduously collected the sturdiest and most beautiful of these bulbs. Some are new, some are old, but all will give a most unusual and lovely effect in your garden. With the single exception of the connos, they may also be grown as pot plants for indoor forcing.

Tuberous-Rooted Begonias

No other plant is so valuable for summer bloom in shady places. Beginning in July, they carry many huge flowers in a wide range of pastel and bright colors, from pure white to yellow, salmon and deep rich crimson. The enormous flowers, running 4 inches or more in size, are held well above the broad attractive foliage. In addition to their use in the garden they make excellent plants to force in pots for indoor bloom.

Begonias delight in a rich soil. It is best to start the bulbs in pots, the soil of which should be composed of at least one-third sand. Water sparingly until the first leaves start to show. Then increase the water supply so that the soil at all times is on the moist side, though not wet. Do not set outdoors until all danger of frost is past. They may be set either singly, in clumps of three, or in full beds. When planted in masses, set them 1 foot apart.

GIANT SINGLE FLOWERING
Huge saucer-like flowers with great central anthers of bright yellow. Preferred by many for their simple grace.
Pink, Yellow, Crimson, White or Mixed.
Each 20c, Three 55c, Doz. $2.00

GIANT FRILLED
Similar to the single form but frilled and ruffled on the edges. About midway in appearance between the single and camellia-flowered.
Pink, Yellow, Crimson, White or Mixed.
Each 25c, Three 70c, Doz. $2.50

GIANT CARNATION-FLOWERED
In size for surpassing the finest florist's carnations. Great, double flowers, with tight, compact petalage, fringed and cut exactly like carnations.
Pink, Yellow, Crimson, White or Mixed.
Each 25c, Three 70c, Doz. $2.50

GIANT DOUBLE CAMELLIA-FLOWERED
Fully double flowers, greatly resembling camellias in shape, and for surpassing them in size. The most popular of all Begonias, and one of the garden's loveliest subjects.
Pink, Yellow, Crimson, White or Mixed.

OXALIS-lovely as edgings

(American Shamrock)

This four-leaved-clover-like plant has delicate pink flowers that add to its beauty. Oxalis grows and blooms profusely and forms exceptionally graceful edgings for walks and flower borders. It is also may be grown in pots indoors or in hanging baskets. Semi-hardy, it will live through the winter if protected by a covering. However, it is usually easier to store the bulbs for the winter months.

- Shamrock 25 for 70c, 100 for $2.50
- Lasianandra 25 for 50c, 100 for $1.75
- Deppei 25 for 50c, 100 for $1.75

The white flowered variety which has three-leaved-clover foliage.

Amaryllis Hybrids

There are few bulbs that give the amateur gardener more for his time and money than the Amaryllis. Best known for its use as a pot plant indoors, they are often used with striking effect in outdoor gardens, blooming as they do with huge trumpet-like flowers. This is the finest race of Amaryllis in cultivation, and has fine form as well as a diversity of colors and markings. Plant them with the neck of the bulb protruding on the top of the soil. Store indoors over the winter.

THE NEW CANNAS—Flamboyant beauties

A REAL SPECIALTY AT FLOWERFIELD—WE GROW ACRES OF THEM

Today the newer Cannas, lower growing and bearing brilliant flowers, are being used more and more by smart gardeners. A pink Canna and pink geranium border is at once a novelty and a delight for your garden. Long prized as a foliage plant, Cannas are now being grown more for their excellently colored flowers. They bloom for a longer period, and make a finer display than any other large flowering plant we know. Another great advantage of the Canna is its sturdiness. They are strong enough to hold their own with shrubs and are often interplanted in shrub borders or groupings with beautiful effect.

NOT FUSSY ABOUT SOIL

Cannas may be planted in almost any kind of soil but prefer a rather heavy soil where they should be planted three to four inches deep. They may be allowed to stay in the ground in the autumn as long as they continue to grow and should be left until the tops are touched by the frost. They then may be dug and stored for the winter.

Our Canna list is complete. From it you may choose the height, color of bloom and color of foliage which you desire.

City of Portland
One of the new pink Cannas with green foliage. Of medium height, City of Portland with its deep rich silvery pink flowers is an excellent plant for garden use.

Eureka
The finest white variety of Canna. Dark green foliage topped with large trusses of cream-white flowers. A fine low-growing variety adapted to bedding use.

Halle
This variety is one of the lowest growing of Cannas, seldom exceeding 3 feet. The flower head is a delicate shade of pink on top of the bright green foliage.

Hungaria
Probably the best known of the rosy pink shade in Cannas. This is a low-growing variety and combines beautifully with pink geraniums.

King Humbert
One of the standards of performance by which other Cannas are judged, King Humbert has brilliant orange-scarlet flowers with bright markings. The foliage is a shimmering coppery bronze shade. Very effective against a background of evergreens.

King Midas
A pure rich yellow flower mounted on vivid green foliage. Grows to 4 feet, and forms a lovely contrast in the garden.

Louis Cayeux
A fine new Canna that has caused much favorable comment wherever seen. The flower heads are a beautiful shade of rose-pink, and surmount soft light green foliage. A very effective plant.

Mrs. Alfred Conard
Huge heads of salmon-pink flowers on rich dark green foliage. The tallest variety of pink Canna, and one of the most popular.

Richard Wallace
Canary-yellow flowers on bright green foliage 3½ feet tall. This variety is even more prolific than others.

The Ambassador
A beautiful rich cherry-red flower combined with deep bronze foliage. This is an excellent variety of medium height.

The President
The outstanding Canna. It has immense trusses of fiery red flowers, produced in great profusion. The foliage is very bright green contrasting sharply with the brilliant flower heads, making a most impressive display of medium height.

Winter's Colossal
One of the orchid-flowering Cannas. Four feet in height with vivid scarlet flowers over dark green foliage.

Wyoming
The tallest Canna, Wyoming has orange-colored blooms, and a purple-bronze foliage. Orchid-flowering type.

Yellow King Humbert
The companion to Red King Humbert, an identical match except in color. The flowers are yellow, spotted red, and the foliage is dark green. Orchid-flowering.

Mixed Cannas
All colors in a fine assortment of the finest varieties.

Ismene Calathina

**PERUVIAN DAFFODIL**

One of the stateliest and most impressive flowers that grow is the Ismene Calathina and one of the choicest of all garden subjects. It carries very large, snowy white, amaryllis-like flowers, which are delightfully fragrant. Our extra large bulbs will send up tall flower stems, each one bearing one to four of its magnificent blooms. The Ismene is an excellent plant for indoor growing as well as in the garden and is altogether one of the loveliest and most unusual bulbs that we offer. If desired, you may pot them in March for an early start. Plant out in well-drained soil in late June. In October they must be taken up, and stored for the winter months.

**Monster Bulbs:**
- Each $1.00
- Three $3.50

GLORIOSA

Superba Rothschildiana

**THE CLIMBING LILY**

This exotic oriental-looking flower grows 5 to 6 feet up a trellis or other support and produces many gorgeous Lily-like flowers. The blooms open a bright yellow and red, but change to a deep scarlet. Gloriosa does well in sheltered spots outdoors, and flowers during the summer months. A very unusual and beautiful flower. They must be dug and stored like gladiolus during the winter months.

**Strong Tubers:**
- Each $1.85
- Three $5.00

LYCORIS—The Hardy Amaryllis

This is sometimes referred to as the mystery Lily plant, due to its unusual habit of growth. In early summer the foliage appears and flourishes, then completely dies away in July. Suddenly in early August the flower stems appear, grow rapidly to a height of 2 feet or more (like many plants, they grow taller in shady areas) and burst into a lovely cluster of pink, fragrant blooms. They are hardy and multiply to a large clump. Plant 4 inches deep.

**Jumbo Bulbs:**
- Each $1.50
- Three $4.00
- Doz. $15.00
**HARDY PLANTS**

**PERMANENT FRAMEWORK OF THE GARDEN**

Hardy plants create far you color for the home landscape, essential effects and high lights for borders and flower beds. Around them can be arranged all the innumerable variations that make gardening a delight. Each year new arrangements may follow the trend of times, the newest of flower fashions, and one's own urge to experiment and explore. When the two are skilfully blended, then you have a garden.

**TROUBLE FREE — LAVISH OF BLOOM**

No constant replanting is necessary. Set each sturdy perennial in its own citadel, and it will defy all the hazards of nature. Then, year after year, they will clothe your garden with a many-hued coat of color. Some of them will be stately and dignified, others shy and retiring, and many more will smile and smile, just to gladden your heart.

**ANEMONE, SEPTEMBER CHARM**

**ACONITUM - Monkshood**

Splendid stately plants, particularly adapted to shady or semi-shady locations, in good garden soil that is fairly moist. Best planted in clumps of three or more, and left undisturbed.

**Fischeri**

Each 35c, Three 95c, Doz. $3.00

One of the most useful varieties. Grows 2 to 3 feet tall, bearing dark blue flowers in September and October.

**Napellus**

Each 35c, Three 95c, Doz. $3.00

An early blooming variety, flowering in July and August, and growing 3 to 4 feet tall. Flowers are attractive dark blue.

**Sparks' Variety**

Great tall branched spikes, growing 4 to 5 feet in height. The dark blue flowers are borne in great numbers during July and August.

**Wilsonii**

Each 35c, Three 95c, Doz. $3.00

The tallest of all. Grows 6 to 7 feet tall, covered with beautiful mauve-colored flowers in September.

**ALYSSUM - Basket of Gold**

Excellent for borders, rock gardens, and to combine with spring-flowering bulbs, particularly Tulips. Should have sun, and good garden soil.

**Saxatile compactum**

Each 30c, Three 75c, Doz. $2.75

Each plant makes a fine clump at bright golden yellow in early spring. Combines well with Tulips, during the flowering period. Later the foliage may be trimmed, and the plant made decorative all summer long.

**Saxatile citrinum**

Each 35c, Three 95c, Doz. $3.00

A new variety, similar in growth and general habit to compactum, but of a lighter and pleasing shade of lemon-yellow. It comes into bloom just as Saxatile Compactum is going out, thus prolonging the season.

**Spinulosum roseum**

Each 35c, Three 95c, Doz. $3.00

Quite different from other Alyssums. The plants made rounded tufts about 8 inches high and 10 inches broad, packed almost to the point of crowding with tight Alyssum flowers in pastel and pink tones.

**ANEMONE JAPONICA - Windflower**

One of our finest fall flowers, blooming in September and continuing through October. They like a well-drained soil, but should have abundant moisture through the hot summer months. An individual plant will grow 2 to 3 feet high and give immense quantities of flowers. Best planted in full sun, though they will grow in light shade.

**Marie Manchard**

A beautiful semi-double white; early flowering. Profuse bloomer.

Each 35c, Three 95c, Doz. $3.00

**Queen Charlotte**

Abundant semi-double flowers, broad and perfectly formed; "La France" pink.

Each 35c, Three 95c, Doz. $3.00

**Rubra flora-plena**

Double rose-colored flowers produced in great profusion.

Each 35c, Three 95c, Doz. $3.00

**September Charm**

One of the earliest and best varieties. Beginning in mid-September it carries many flowers of moderate size of delicate silvery pink, darker on the reverse. Grows 2 feet high.

**ANEMONE - Species**

**Hupehensis**

Each 35c, Three 95c, Doz. $3.00

In some respects a fore-runner of the Japonica Anemones to follow. Blooms from early August to late autumn, producing attractive open flowers of pleasing rose color.

**Pulsatilla**

Each 40c, Three $1.00, Doz. $3.50

One of our earliest perennials to bloom, coming into flower during the first warm days of April. The plants grow about a foot high, with open cup-shaped flowers of bright reddish purple.

**ARTEMISIA**

**Silver King**

Each 30c, Three 75c, Doz. $2.75

A striking plant grown for contrast. Bright silvery gray sprays may be cut in late summer and fall for immediate use with bouquets, or kept and used during the winter for combining with other flowers and for floral decorations. Plants grow 3 feet high and 2 or 3 established plants will yield an armful. Grow in light, well-drained soil in full sun.
PERENNIAL PLANTS

AQUILEGIA - Columbine
Excellent for sunny locations, or in combination with other perennials, and for partial shade, where one has few really bright, abundantly flowering perennials. Soil should be good and rich, with a humus content. Best grown in clumps of three or more. Flowers in May and June, growing 3 to 4 feet in height.

Chrysanthemum Each 30c, Three 75c, Doz. $2.75
Bright golden yellow. Has an unusually long flowering period, blooming for 2 months or more.

Chrysanthemum alba Each 30c, Three 75c, Doz. $2.75
The pure white form of the above.

Coerulea Each 30c, Three 75c, Doz. $3.75
Famous Rocky Mountain Columbine, of intense dark blue. Spurs are of moderate length.

Crimson Star Each 30c, Three 75c, Doz. $2.75
One of the finest varieties for the garden. The blooms are huge, with pure white centers set off by crimson edging and long spurs. Unusually robust in growth, and very free blooming.

Flabellata nana alba Each 30c, Three 75c, Doz. $2.75
Rock garden variety, with the prettiest foliage imaginable. Large, light green leaves, cut in rounded fashion. The plants grow in orderly clean-cut clumps, with the tops of the flowers just about a foot from the ground. The blooms are pure white, of compact form, with short, broad spurs.

Scott Elliott Long-Spurred Hybrids Each 30c, Three 75c, Doz. $2.75
A really wonderful strain of the finest long-spurred type. The colors range through every conceivable shade. There are pastel tints, and rich, bright colors. Plants are vigorous in growth and bear a wonderful crop of flowers.

Clematiflora Each 30c, Three 75c, Doz. $2.75
A new variety. The result of crossing long-spurred hybrids with the old-fashioned single ones, and are practically spineless. These come in shades of deep red and scarlet and produce abundant flowers on 15-inch stems.

ASTERS - Michaelmas Daisy
Invaluable fall flowers, blooming between the last of the summer perennials and the late fall Chrysanthemums. Since different varieties range in height from 1 to 5 feet, they may be used at the edge, center, or background of borders. Grow in any kind of soil, and persist without attention for years.

Beechwood Challenger Each 35c, Three 95c, Doz. $3.00
Free-flowering, of medium height, and brilliant crimson-red color. 3 to 4 feet.

Climax Each 30c, Three 75c, Doz. $2.75
One of the best and showiest, with large spikes of light lavender-blue flowers. Grows 5 feet.

Harrington’s Pink Each 60c, Three $1.50, Doz. $5.00
The finest of the fall Asters, and the only one that is really a pure pink in color. The plants are shapely in habit, growing about 3½ feet tall. Great sprays of blooms are carried, with individual florets of large size, suitable for cutting.

Mt. Everest Each 35c, Three 95c, Doz. $3.00
By far the best white. Flowers are large, pure white, with a very small eye. In growth the plants are shapely, with the flowers carried right down to the ground. Height, 3 to 4 feet.

ALYSSUM SAXATILE CITRINUM

ASTILBE - Spirea
Sturdy plants that give great sprays of flowers in June, over finely cut foliage. Excellent for shade and also suited for full sun. They must have an abundance of water at all times; because of this they are especially suited to damp spots in the garden. Soil should be deep and rich with plenty of leaf-mold and manure. One of the hardiest of plants, standing the most severe winters. 2 to 3 feet.

Deutschland Each 50c, Three $1.25, Doz. $4.00
Lovely pure white variety, free-flowering; strong growth.

Gloria Superba Each 50c, Three $1.25, Doz. $4.00
Great feathery plumes of cerise-pink flowers.

Granat Each 50c, Three $1.25, Doz. $4.00
Striking crimson flowers, shaded salmon. Long, well-formed spikes.

HARDY ASTERS

Climax (blue) Mt. Everest (white)
Harrington’s Pink (pink)

Frikarti, Wonder of Staffa Each 40c, Three $1.00, Doz. $3.50
The most useful of all hardy Asters. Established plants begin to bloom in late June and continue right through until hard frost. They are excellent to combine with hardy Chrysanthemums and are perfect for cutting. The flowers are large, measuring as much as 2½ inches across and are borne continuously and in great numbers all season. The foliage is distinct and attractive, making an excellent background to the flowers. Developed plants grow about 3 feet high and about 2 feet broad. Plant on high well-drained soil. They do not like low-lying locations or heavy soil.
**ANCHUSA**

Eupatorium Each 30c, Three 75c, Doz. $2.75
Brilliant yellow flat flowers above finely cut foliage. Grows in even poor soil, in full sun, and flowers from June to August. 3 feet.

Phlomis, Boule de Neige Each 35c, Three 95c, Doz. $3.00
Numerous pure white round flowers borne in clusters or sprays. A fine perennial for cutting. June to September. 2 feet.

Tomentosa Each 30c; Three 75c, Doz. $2.75
Grows 6 inches high, and is excellent for rock gardens. Bright yellow flat flowers, borne from July to September.

**ANCHUSA**

Dropmore Each 30c, Three 75c, Doz. $2.75
Delights in a good, well-drained soil and a sunny location. Grows 4 to 5 feet tall, carrying many racemes on branching stems, with innumerable bright blue, Forget-Me-Not-like flowers, in June, continuing intermittently all season.

Myosotidiflora Each 40c, Three $1.00, Doz. $3.50
Low-growing variety, suitable for ground-covering and rock-garden use. Grows either in sun or partial shade, and does not object to some moisture. Leaves are great heart-shaped affairs, making an attractive back-ground for the bright blue flowers. Plant in clumps of 3 or more, 8 inches apart. Blooms in May and early June.

**ARABIS - White Rock Cress**

One of the best rock garden plants. Grows in and around rocks, and clings in crevices, spreading larger each succeeding season. In April the plants make a sheet of pure white. Full sun or light shade.

Alpina Each 30c, Three 75c, Doz. $2.75
Pure white. The foliage alone is highly decorative and adds great beauty to the rock garden after the flowers are gone.

**ARMERIA**

May-flowering perennials that carry rounded, slightly clover-like flowers, over mounds of glossy, green foliage. After flowering, the foliage makes a bright, attractive appearance. Fine for edges of borders, and for rock gardens. Prefer a dry, sandy soil and sunny location.

Lauchiana Each 35c, Three 95c, Doz. $3.00
Bright rose red. Grows 6 inches high. Free-flowering to a marked degree.

**AUBRIETIA - Purple Rock Cress**

Forms dense carpets over stones and walls. When established remains indefinitely, improving with the years. Should have a well-drained soil, as they tend to freeze out in those of a heavy or damp nature.

Eyri Each 30c, Three 75c, Doz. $2.75
Purplish-lilac. In bloom the flowers completely cover the foliage. After flowering the foliage affords an excellent contrast to rocks, and other plants. Does well in light shade.

**CAMPANULA - Bellflower**

Each variety is distinct in character, appearance and garden use. They range from the little low fellows of rock garden size, to the tall, huge Canterbury Bells. Require a rich, light, well-drained soil, with moderate protection over winter. Except for one or two rock garden varieties that enjoy light shade, they prefer full sun.

**Carpatica**

Each 30c, Three 75c, Doz. $2.75
Carpation Harebell. Used in rock gardens and borders, sun or shade. Maundled clumps about six inches across, open cup-like flowers of clear blue that bloom in June and continue into fall.

**Carpatica alba**

Each 30c, Three 75c, Doz. $2.75
Pure white companion to the blue Carpathian Harebell.

**Garganica**

Each 50c, Three $1.25, Doz. $4.00
Low spreading tufts covered in June with storry light blue flowers of an unimaginable daintiness, each having a distinct white eye. Just the thing among or hanging over rocks.

**Persicifolia**

Each 50c, Three 1.25, Doz. $2.75
A splendid bold growing plant, making a magnificent display during June and July. Excellent for cutting as well as for the border. Large, handsome bell-shaped flowers. Grows about 2½ feet high.

**Persicifolia alba**

Each 30c, Three 75c, Doz. $2.75
Pure white. Lovely when planted in conjunction with the blue variety.

**Persicifolia, Telham Beauty**

Each 50c, Three $1.25, Doz. $4.00
A great improvement over the type, and one of the finest of the Persicifoliaceae. Exquisite china-blue in color.

**Persicifolia, Telham Beauty alba**

Each 50c, Three $1.25, Doz. $4.00
The pure white Telham Beauty.

**Pyramidalis**

Each 30c, Three 75c, Doz. $2.75
4 to 6 inches in height with great spikes of blue, star-shaped flowers during the summer. Fine for the back of the border.

**Pyramidalis, White**

Each 30c; Three 75c, Doz. $2.75
White form of the above.

**Rotundifolia**

Each 30c, Three 75c, Doz. $2.75
(Scotch Harebell). Similar to the Carpatica type, but with fine cut foliage, and small closed type bells. Equally free-flowering, blooming all summer long. Height, 8 inches.

**CANTERBURY BELLS**

Great showy biennials, 4 feet in height that flower in late May and early June, with huge trusses of great bell-shaped flowers. It is difficult to find any plant more striking in appearance. Any good garden soil will grow them, if given a sunny location and ordinary care.

**Campanula medium**

Each 25c, Three 65c, Doz. $2.50
(Single). Large bell-like flowers, without the "saucer". Three separate colors: Blue, pink, and white.

**Campanula caerulea**

Each 25c, Three 65c, Doz. $2.50
(Cup and Saucer). At the base of each bell or cup, there is a saucer-like corolla, to complete the "Cup and Saucer". Three separate colors: Blue, pink, and white.
CARNATIONS

While not as large as florists' indoor Carnations, one can have good sized blooms with little care. Prefer a light, well-drained soil, that is good and rich. Protect lightly over the winter.

Rose Queen
Each 30c, Three 75c, Doz. $2.75
Attractive rose-pink flowers measuring up to 1 1/2 inches. Stems a foot to 15 inches makes them fine for cutting.

Scarlet and Red Shades
Each 30c, Three 75c, Doz. $2.75
Most flowers are fully double but a percentage run to the single form. Dazzling scarlet.

Pure White
Each 30c, Three 75c, Doz. $2.75
Fine large flowers of pure snowy white. Good grower and free bloomer.

Mixed Shades
Each 30c, Three 75c, Doz. $2.75
All conceivable tones of scarlet, maroon, pink, salmon, white and cream-yellow are found in this splendid mixture.

CIMICIFUGA

* Adapted to shady locations, and moist soils. Excellent to plant at the back of borders, among shrubs and open woods. Decorative foliage and feathery sprays of pure white.

Racemosa
Each 30c, Three 75c, Doz. $2.75
Carries spikes of pure white flowers, 4 feet tall, in July and August.

Simplex
Each 60c, Three $1.50, Doz. $5.00
Desired because of its extremely late blooming period. Begins to bear in September and continues until mid-October. Stems up to 3 feet in height, with spikes of pure white. May be cut and kast for a long time.

CLEMATIS - Shrubby Clematis

Grows about two feet in height with varied forms of flowers. Can be used to advantage in the perennial border, in either full sun or light shade. Soil should be well-drained, with plenty of lime.

Davidiana
Each 40c, Three $1.00, Doz. $3.50
The latest to flower and the most showy. Blooms in August with fragrant bell-shaped, deep lavender-blue flowers. 2 1/2 feet.

Integrafilia coerulescens
Each 40c, Three $1.00, Doz. $3.50
Grows 1 1/2 to 2 feet in height, with open flat bell-like flowers that hang down. Blooms a long time, and are succeeded by feathery seed pods that remain all season.

Recta
Each 40c, Three $1.00, Doz. $3.50
Great numbers of delicate pure white flowers carried in large clusters during June and July.

CYPRIPEDIUM - Lady's Slipper

Best known and widely planted of the Hardy Orchids. Must have abundant moisture and succeeds best in shade and open woods. Delight in cold climates and hard winters. Blooms in June, growing a foot high.

Acaule
Each 50c, Three $1.25, Doz. $4.00
Called the Red Lady's Slipper, though the color is really rosy purple.

Pubescens
Each 50c, Three $1.25, Doz. $4.00
Large flowers of attractive yellow.

Spectabile
Each 50c, Three $1.25, Doz. $4.00
(Showy Lady's Slipper.) Flower stems run 1 to 2 feet in height with one, two or even more large rose-purple or pure white orchid blooms.

DIANTHUS HEDDEWIGI

Mixed Colors
Each 25c, Three 65c, Doz. $2.50
Great, flat and for the most part, single flowers. Colors range from pure white to brilliant red, with intermediate and variegated combinations. Blooms during the entire season.

DIANTHUS - Garden Pinks

Free-blooming plants for border or rock garden. Prefer a light, gritty soil, that is well-drained and well supplied with lime. Must have full sunlight. Plant 8 to 10 inches apart. Desirable for cutting, having a spicy, pungent fragrance.

Lovely Lathyrus
Each 40c, Three $1.00, Doz. $3.50
Tight clusters of bright pink flowers borne all summer long. Fragrance is almost Carnation-like. Height 1 foot.

Lovely Lathyrus, Furte Bismarck
Each 35c, Three 95c, Doz. $3.00
Campion variety to Beatrice, with blooms of rich cerise-red. A bit more robust in growth. Height 1 foot. Can be cut in the evening, without harm to the plants. Do best in a rich well-drained soil.

Lathyrus sempervirens, Double
Each 25c, Three 65c, Doz. $2.50
Old-Fashioned Clove pink. Single and double flowers, running through shades of pink, lilac-pink, pure white and variegated sorts. Extremely pungent aroma.

DIANTHUS BARBATUS - Sweet William

Old-fashioned plants of Grandmother's garden, properly classed as biennials, but tending to be perennials in good, well-drained soil. Planted in masses at the edges of perennial borders, in warm, sunny locations. Blooms in May and early June.

Pure White
Each 25c, Three 65c, Doz. $2.50
Full double heads of glistening white.

Newport Pink
Each 25c, Three 65c, Doz. $2.50
Distinctive tone of clear salmon-pink.

Scarlet
Each 25c, Three 65c, Doz. $2.50
A really bright color. The flowers are intense scarlet.

Mixed Colors
Each 25c, Three 65c, Doz. $2.50
All known pure colors, as well as many bicote and variegated types.

DICTAMNUS - Gas Plant

Sturdy erect canes, clothed with green foliage that in itself is attractive after the flowers are gone. Curiously, these plants emit a peculiar volatile substance, that may be ignited in the evening, without harm to the plants. Do best in a rich well-drained soil. Sunny locations are best, though light shade does no harm.

Frasinella caucasicus
Each 40c, Three $1.00, Doz. $3.50
Make bold clumps of six to eight canes or more, with foot long heads of attractive pink flowers, in June and July. Height is 3 to 4 feet, making them striking plants in the border.

Alba
Each 40c, Three $1.00, Doz. $3.50
Pure white form of the above.

DIGITALIS - Foxglove

Biennial forms are strikingly beautiful. Their beauty is further enhanced by spots and markings on the lower part of the pendulous bell-shaped flowers. Grows 4 feet or more tall, with flower spikes measuring as much as three feet. Well-drained soil is essential. Protect over the winter. Perennial forms are not as colorful, but deserve a place in the perennial border.

Giant Shirley Hybrids
Each 30c, Three 75c, Doz. $2.75
Biennial Foxglove, 3 feet tall, with the widest variety of color, including chocolate, rose, white, shell-pink, attractively marked.

Gloxinella rosea
Each 30c, Three 75c, Doz. $2.75
A fine biennial variety of vigorous habit with flowers of interest- ing deep purple. Grows 3 to 4 feet. Flowering in June and July.

Gloxinella alba
Each 30c, Three 75c, Doz. $2.75
Pure white foxglove. 2 feet.

Gloxinella rosea
Each 30c, Three 75c, Doz. $2.75
Tall spikes of rosy pink, blooming in June and July. 3 to 4 feet.

LADY'S SLIPPER (Cypripedium)
In offering Chrysanthemums, we have selected the best new Korean Hybrids, and the most rugged and sturdy of older varieties. The color range is comprehensive, including bright, warm colors that add glow to the autumn garden, light pastel shades for cutting, and russet and bronze tans, without which fall is not complete.

All are of easy culture, and if planted this spring, will give you huge clumps of bloom beginning in September and continuing until hard frost. We suggest that you plant your 'Mums in a slightly elevated, well-drained spot. When frost has finally killed the tops, break them with the hands and place the resultant chaffy material over the crowns of the plants. This is much better winter protection than using heavier material.

Collection of Double HARDY 'MUMS
6 Plants $1.25
Each 25c, Three 65c, Doz. $2.50

Niobe

Pure glistening white. (Illustrated.)
Each 25c, Three 65c, Doz. $2.50

Orion

Bright, open-faced, single flowers of attractive canary-yellow, that,
in the autumn sunlight tend to sparkle and gleam, adding tone to
the entire garden. Blooms are carried in neat, orderly sprays.
Each 25c, Three 65c, Doz. $2.50

Pygmy Gold
Almost dwarf enough to be a Cushion ’Mum’ but with full, rounded
flowers that are practically miniatures of larger fall ’Mums’. Clear
golden yellow of remarkable brilliancy. Flowers in early September.
Each 25c, Three 65c, Doz. $2.50

Romantique

Combination of carmine-red, and brassy red, difficult to properly
describe. In bright autumn sunlight the subdued colors tend to blend
and vary with almost irresistible appeal. Flowers fully double.
Each 25c, Three 65c, Doz. $2.50

Sequoia

Dusty yellow. (Illustrated.)
Each 25c, Three 65c, Doz. $2.50

The Moor
Rich red. (Illustrated.)
Each 25c, Three 65c, Doz. $2.50

Vesta
Not a double variety, but having
extra rows of petals. Deep tawny
orange of a distinct tone, seldom confused with other varieties even
in the same color class. Vigorous grower with straight stems.
Each 25c, Three 65c, Doz. $2.50

Vulcan

When first in bloom, a glowing carmine-red. As the season pro-
gresses, they pass through garnet-crimson and then to an attrac-
tive bronze-crimson. While not a double, it has extra rows of petals.
Each 25c, Three 65c, Doz. $2.50

CUSHION CHRYSANTHEMUMS
First brought into prominence a few years ago, this class of dwarf
spreading Hardy Chrysanthemums is today extremely popular. Grow
to a height of 1 foot, spreading as much as 2 feet across, with hun-
dreds of flowers to a plant. Established plants begin to bloom in
August and continue until hard frost.

Pink Cushion
Attractive light pink, gradually becoming lighter as the flowers age.
Each 30c, Three 75c, Doz. $2.75

Bronze Cushion
Rich coppery bronze, tending to become lighter with age.
Each 30c, Three 75c, Doz. $2.75

White Cushion
Delicate flesh color upon opening, quickly turning to clear white.
Each 30c, Three 75c, Doz. $2.75

Yellow Cushion
Pure golden yellow. Quite the brightest color among Cushion ’Mums.
Each 30c, Three 75c, Doz. $2.75

SPOON CHRYSANTHEMUMS
An unusual novelty and quite the newest type of ’Mum’. Flowers
are fully double but the tip of each tubular petal
flares into a distinct spoon shape. Adapted to creating
informal effects not possible with more conventional ’Mums.
Three colors:

Pink, White, Yellow
Each 30c, Three 75c, Doz. $2.75

Shasta Daisies Chrysanthemum
Maximum
Extremely popular and widely grown for their abundant pro-
duction of pure white Daisy-like flowers during the sum-
mer months. Require a deep, rich soil and sunny location.
Best cut flowers are obtained by dividing plants every other year,
though they can remain in one spot indefinitely without attention.

Alaska
Handsome, large, single flowers in June and July. One of the best
of the single-flowered types.
Each 50c, Three $1.35, Doz. $5.00

Chiffon
New form of the Shasta Daisy. Golden centers, surrounded by ray-
like, tubular petals, giving the entire flower a graceful, frilled effect.
Flowers measure 3½ inches across, with stems 2 feet tall.
Each 50c, Three $1.35, Doz. $5.00

Esther Reed
The finest double Shasta Daisy, and probably one of the best peren-
nials, ideally suited for cut flowers. Now widely grown by florists
for that purpose. Flowers are pure white, fully double, with a heavy,
slightly tufted center. Grows to a height of up to 18 inches.
Each 30c, Three 75c, Doz. $2.75

White Swan (C. leucanthemum)
Known as the Double White Memorial Daisy, and popular because of
its early blooming habit. Flowers not as large as the true Shasta
Daisy, but compare in size with Double Pyrethrum, and are easier to
grow. Valued for this and because they lengthen the Shasta season.
Each 30c, Three 75c, Doz. $2.75

Collection of Single
HARDY ‘MUMS’
6 Plants $1.25

Page 23
DORONICUM

Single, open flowers of pure yellow, invaluable for cutting. Particularly desirable because of their early spring flowering habit. Foliage is large and heart-shaped. Do well in heavy, moist soils, and perfectly at home in shade and among trees. Sunlight does them no harm.

Ceausiaum Each 35c, Three 95c, Doz. $3.00
Rich, bright yellow flowers of good size. Does excellently used in connection with Tulips, or in open woodland and shrubbery borders, with other spring flowering plants. 2 feet.

Clus. Each 35c, Three 95c, Doz. $3.00
Quite similar to the taller varieties, offering in compact habit and growth, reaching only 12 to 15 inches.

EUPATORIUM - Hardy Ageratum

Hardy perennials suitable for midway positions in a perennial border, and for semi-wild locations. Will grow in half shade as well as in full sun.

Ceoolistium Each 30c, Three 75c, Doz. $2.75
Bright blue heads of flowers in August and September, similar in color and shape to the annual Ageratum. Grows 3 to 4 feet in height, and persists year after year.

GAILLARDIA - Blanket Flower

One of the most reliable perennials; now, with the introduction of newer sorts, one of the best for cutting. Persists with little or no attention, surviving severe droughts that kill out other plants. Gay and bright, blooming from June to November. Give them full sunlight, and a light, well-drained soil.

Mr. Sherbrook Each 40c, Three $1.00, Doz. $3.50
High rounded golden yellow centers, surrounded by broad petals of the same attractive color. Stems rise right from the base of the plant, and are straight and stiff. Cut constantly, and right down to the crown to encourage production of flowers.

Ruby Each 40c, Three $1.00, Doz. $3.50
Brilliant ruby-red, excellent to combine with pure yellow varieties. The centers, while carrying out the red of the flower as a whole, have an undertone of yellow.

Improved Hybrids Each 30c, Three 75c, Doz. $2.75
Here red and yellow, and innumerable and indescribable combinations of the two colors run riot, each flower possessing character all its own.

GEUM

Full double flowers, of distinctive cut-flower quality, with stems of waxy nature. Form compact clumps with pretty pinnae foliage. Sunny locations are essential. Abundant moisture must be provided during the summer months, and in the fall as well. They stand winters much better when the roots are plump with moisture.

Fire Opal Each 50c, Three $1.25, Doz. $4.00
Dazzling rich scarlet flowers with orange sheen from May until really cold weather in the fall. Huge flowers running 3 inches or more across with stems 2 feet tall.

Lady Stratheden Each 25c, Three 65c, Doz. $2.50
Rich, golden yellow and a splendid cut flower, commonly used in connection with its red counterpart, Mrs. Bradshaw.

Mrs. Bradshaw Each 25c, Three 65c, Doz. $2.50
Fiery orange-red flowers of good double formation. Blooms nearly all summer long. Companion to Lady Stratheden.

Princess Juliana Each 50c, Three $1.25, Doz. $4.00
Deep orange flowers open 3 to 3½ inches across on 2-foot stems from May until October. Forms sturdy clumps of foliage, qualifying as one of the best varieties for the garden.

GYPSOPHILA - Baby's Breath

Clouds of tiny pure white or light pink flowers, carried in light, open sprays, makes them ideal for fillers in bouquets, as well as border use. Can be cut and dried for winter use. Give full sunlight and a light, well-drained soil. Set Repens 8 inches apart, larger growing varieties 2 feet.

Bristol Fairy Each 50c, Three $1.25, Doz. $4.00
Grown by home gardeners and florists because of its pure white, fully double florets. Blooms in July and continues throughout the summer.

Paniculata flora-plena Each 50c, Three $1.25, Doz. $4.00
Until the introduction of Bristol Fairy, this was considered the best double Baby’s Breath. Flowers are not as large as Bristol Fairy but is particularly recommended for the home garden, and for heavy soils, where its natural vigor assures long life. Flowers in August and September.

Pacilica Each 35c, Three 95c, Doz. $3.00
Similar to Paniculata fl-pl. except in color. Clear pink flowers, freely produced, add greatly to the use of Baby's Breath. Gives an attractive pastel color for bouquets.

Repens rosea Each 30c, Three 75c, Doz. $2.75
Low, creeping form, excellent for the edge of border, rockery or rock wall, where the comparatively dry soils afford them perfect growing conditions. Flowers come in clouds of pale pink.

HELENIUM - Helen’s Flower

Indispensable to give color to the perennial border in August and September. Full bushy plants, 3 feet tall, with hundreds of flowers in attractive tones of yellow, orange and mahogany. Give light soil, full sun, and abundant moisture during the heat of summer.

Chippersfield Orange Each 40c, Three $1.00, Doz. $3.50
A new color in Helensium, with great heads of copper and gold. Its distinct color adds greatly to its charm. Plants are strong and healthy, growing to a height of 4 feet.

Pererogina Each 50c, Three $1.25, Doz. $4.00
Unquestionably the finest and having the largest flowers. Distinct shade of dark, brony mahogany, that, in spite of its intenseness of color, is bright and compelling. A new plant for the perennial border, and one creating an effect all but impossible to duplicate with other plants. Height 3 feet.

Pumilum magnificent Each 30c, Three 75c, Doz. $2.75
Low growing and quite compact, with on extremely long blooming season, flowering from June to October. Bears immense numbers of bright golden yellow flowers. Height 12 to 18 inches.

Riveron Beauty Each 30c, Three 75c, Doz. $2.75
One of the most popular of the older varieties, growing 3 to 4 feet in height, with flowers of pure lemon-yellow, set off by large center disc of purplish black.

Riveron Gem Each 30c, Three 75c, Doz. $2.75
Widely used with Riverton Beauty, with which it contrasts well. Old gold in color, suffused with bright terra cotta. Height 3 to 4 feet.

HELEBORUS - Christmas Rose

Niger Each 75c, Three $2.00, Six $3.75
Called the Christmas Rose because of its unique habit of flowering in winter time though its actual blooming period is in February. Low growing, and somewhat spreading habit, with single, saucer-shaped flowers of white, tinged a bit with green. Will succeed if planted in a cool, moist, shady location, such as under trees or shrubbery. Best soil is a retentive loam, mixed with leaf mold and well-rotted manure.
HELIOPSIS - Orange Sunflower

New and continuous blooming varieties produce clear orange flowers of good size, on strong stems, for cutting purposes. Require little or no attention beyond a sunny location and good garden soil. Plant 1 foot apart.

Scabra excelsa

Each 35c, Three 95c, Doz. $3.00
From mid-July to September, bears numerous flowers of orange-yellow that are practically double. As flowers age they turn to a brighter hue 3 feet.

Scabra Incomparabillis

Each 50c, Three $1.25, Doz. $4.00
One of the most useful and reliable perennials introduced in recent years. Flowers nearly double, of rich, golden yellow, measuring 3 inches or more. Stems made to order for cutting. Flowers profusely all summer and into the fall. 3 feet.

HEUCHERA - Coralbells

May be placed in mixed perennial borders, used as edgings for walks and in the rock garden. Flowers retain color for a long time, and after flowers are gone, the plants continue to make a pleasing appearance. Must have full sun and a well-drained soil. 8 inches apart.

Brodioides

Each 30c, Three 75c, Doz. $2.75
Flowers of clearest pale pink, produced profusely in May. Is a neat compact plant, with clean, attractive foliage.

Plu de Feu

Each 30c, Three 75c, Doz. $2.75
Lovely coral-red bells and well-filled spikes make it excellent for cutting, and also to high-light the border. Blooms in May and continues far the early part of the summer.

Perry’s White

Each 30c, Three 75c, Doz. $2.75
A good sturdy, pure white form of the Coralbell, useful with pink and red variations. In bloom from June to September.

Sanguinea

Each 30c, Three 75c, Doz. $2.75
Particularly suited for the rock garden. Flowers are bright crimson, carried on stems 12 to 18 inches high from June to September.

HIBISCUS - Mallow

Great robust growing perennials, that are almost shrub-like in their vigor and reliability. Will do well in almost any location if given full sun. The flowers are huge, measuring 8 inches across, coming in attractive shades of red, white and pink. 5 feet.

Red

Each 25c, Three 65c, Doz. $2.50

Varying shades of bright colors

Pink

Each 25c, Three 65c, Doz. $2.50

Range from light flesh to deep tones

White

Each 25c, Three 65c, Doz. $2.50

Pure whites, and many with attractive bright eyes

Mixed

Each 25c, Three 65c, Doz. $2.50

All colors it is possible to find in Hibiscus.

HOLLYHOCKS

Grown everywhere, even in the deep South, for their great, tall spikes of flowers in June. Particularly suited for the backs of borders, and for planting along walls and garages. Grow any place if given full sun; set 8 inches to a foot apart.

Chater’s Double

Each 25c, Three 65c, Doz. $2.50
Full double flowers, with clear, clean colors. Offered separately. White, Yellow, Scarlet and Newport Pink. Mixed in all colors.

Single Hollyhocks

Each 25c, Three 65c, Doz. $2.50
Preferred by many because of their single open flowers that create a light, graceful appearance. Mixed colors.

IBERIS - Candytuft

Form clumps of evergreen foliage that keep their color all winter. Useful for border and rock garden. Excellent for early spring bloom to set off the border with a carpet of white. Set 8 inches apart and provide good garden soil.

Semprevirens

Each 25c, Three 65c, Doz. $2.50
In the spring the dark green foliage is completely covered with pure white candytuft flowers. Does quite well in light shade. Very suited for edging. Height 1 foot.

Snowflake

Each 40c, Three $1.00, Doz. $3.50
A new variety, similar to Semprevirens, but with flowers three times as large. A mass of white in full bloom. Height 1 foot.

LAVANDULA - Lavender

Old-fashioned plants used as herbs, perennials or semi-shrubs. In July and August they bear heads of light blue flowers, heavily scented with Lavender fragrance. Should have a warm, dry soil and sunny position. Plant 1 foot apart.

Vera

Each 30c, Three 75c, Doz. $2.75
Growing about 15 inches high, carrying fragrant flowers. They may be gathered and used for scenting purposes.

LIATRIS - Gay-feather

Wild Liatris, common throughout the mid-west, have been surpassed by new, cultivated varieties. Must have a light soil, with good drainage. Succeed in full sun or shade and will withstand drought to a remarkable degree.

Pyknostachya

Each 25c, Three 65c, Doz. $2.50
Blooms in August, with stems four feet or more in height. Tallest compact spikes with flowers of attractive lavender-blue. Peckishly, the flowers begin to color at the top of the spike, and gradually work down.

September Glory

Each 35c, Three 95c, Doz. $3.00
Showiest and most useful of the Liatris. 5 feet in height and in full color early in September. Actual flower spikes often measure 4 feet in length. Unlike older varieties, these spikes are completely colored at one time.

White Spire

Each 40c, Three $1.00, Doz. $3.50
Companion to September Glory, carrying spikes of equal size of white, tinged with delicate ivory.

LILY-OF-THE-VALLEY

Field-Grown Clumps, Each 40c, Three $1.00, Doz. $3.50
Ideal for shaded locations, growing in spots unsuited for anything else, bearing each May sprays of pure white bells, measuring 6 to 8 inches in height. Best to plant clumps, setting them 1 foot apart. When the beds fill in solidly they may be dug and reset.

LINUM - Flax

Light, feathery plants that are suited for warm, dry soils and full sun. Given the proper location they will flower profusely in June and continue intermittently all summer. Set 1 foot apart.

Flavum

Each 25c, Three 65c, Doz. $2.50
Distinct in growth, having comparatively upright branches. The flowers are bright transparent yellow, adding a cheerful touch.

Perenne

Each 25c, Three 65c, Doz. $2.50
The true Blue Flax. Fine, feathery foliage, on spray-like stems about a foot long, terminating in numerous light blue single flowers.

Perenne album

Each 25c, Three 65c, Doz. $2.50
Identical to Blue Perenne, except for flowers of pure white.
Bleeding Heart

(DICENTRA)

Spectabilis Each 40c, Three $1.00, Doz. $3.50
Old-fashioned plants, growing and flowering in dense shade, as well as open sun. Adapted to almost any soil. Does not object to excessive moisture.

Eximia Each 35c, Three 95c, Doz. $3.00
(Plumy Bleeding Heart). Bears drooping, plume-shaped flowers, about 1 inch long from May to frost. Use for rock gardens, borders and near pools and streams. Height, 1 foot.

Funkia

Coerulea Each 30c, Three 75c, Doz. $2.75
Used in shaded locations and for edging. Tall spikes of blue trumpet-like flowers, 2 feet high, in July and August. All Funkias like rich soil, but grow under unfavorable conditions.

Subcordata grandiflora Each 40c, Three $1.00, Doz. $3.50
In August and September have tall, Lily-like stem with pure white trumpet flowers four inches or more in length.

Variegata Each 30c, Three 75c, Doz. $2.75
Blue flowers and variegated foliage; white marked with contrasting green.

The Stately Delphiniums

Widely known and universally admired for their stately, handsome habit and unmatched beauty. Grown in the border for tall spikes to lend beauty to the garden as a whole, and also for cutting. If the first flowers are cut in June, secondary growth is secured with another crop of flowers in September.

In cooler parts of the country they do splendidly, growing especially well in coastal regions where cool summers prevail. Rich soil should be provided, with a generous quantity of manure. Full sunlight is essential.

Pacific Coast Hybrids

In size of flower, range of color, formation of blooms, and cut-flower value, these are the finest strain of Delphiniums in existence. Individual florets measure 2 inches or more across, with practically all of them fully double, and finely formed. A variety of "eyes", some pure white, others in dark tones, add to their undoubted appeal. Colors vary from pale self-blues, through light tones, two-toned, pink shades, lavenders, to really deep blue.

Blue and Light Blue Tones Each 75c, Three $2.00, Six $3.50

Violet and Dark Blue Tones Each 75c, Three $2.00, Six $3.50

All Colors and Tones Mixed Each 50c, Three $1.25, Doz. $4.00

Tower of Snow Each 75c, Three $2.00, Doz. $7.50

These are grown from the finest white Hybrid Delphiniums. The spikes are long and imposing, with large, fully double flowers.

Flowerfield Exhibition Strain Each 35c, Three 95c, Doz. $3.00
An unusually sturdy strain adapted to garden use, where a vigorous constitution and long life is desirable. The color range is quite comprehensive, covering all shades of blue, light blue, violet and lavender tones, with tall, heavy spikes of fine form.

Belladonna Each 30c, Three 75c, Doz. $2.75
Not to be confused with or used in place of the Hybrid strains offered above. This sort is easily grown in almost any situation, succeeding in warm parts of the country where Hybrids peter out. They grow about 3 feet in height, in one pure tone of clear light blue. Invaluable for cutting, and used extensively for that purpose. 3 feet.

Bellamosa, Cliveden Beauty Each 30c, Three 75c, Doz. $2.75
Identical in habit and size to Belladonna, but of a rich dark blue.

Chinense Each 30c, Three 75c, Doz. $2.75
Quite apart from other Delphiniums in habit of growth. They reach a height of somewhat under 3 feet, with light, feathery foliage and open panicles of graceful blue flowers. They bloom several weeks after the other types of Delphinium, and help greatly to prolong the Delphinium season in the border. 3 feet.

Chinense album Each 30c, Three 75c, Doz. $2.75
Pure white form of the Chinese Delphinium.
IRIS KAEMPFERI - Orchids of the Garden

LIGHT-IN-THE-OPAL, a Flowerfield origination and one of the most beautiful varieties of our extensive collection. Perfectly hardy, it commands a note of queenly attention in the garden. 75c each; 6 for $3.75.

We have made a special printing of this lovely picture on heavy paper with no reading matter, for customers who would like to have it framed. Postpaid, 50c.
Narrower sandy is as Slumbering Each the laced color Each beautiful gap is an inches of Each Each beautiful. You might suppose that such lovely flowers would be difficult to grow but on the contrary anyone can succeed with them. They are perfectly hardy. They thrive on water, living in spots that are too wet for many flowers, yet they bloom best in a sandy and well-drained location, if only supplied with water occasionally. The huge flowers, often reaching 8 inches or more, are produced in a wide variety of color that have the richness of an oriental rug, and give an exotic picture that no other garden flower can duplicate. Moreover, these particular irises come into bloom during late June to the middle of July, just at the time when the borders are "going off" after the wealth of late spring flowers. Filling as they do, a gap in your garden in bloom, this colorful display is definitely welcome.

**TWELVE OUTSTANDING VARIETIES**

- **Betty F. Holmes**
  - Each 50c, Six $3.00

- **Blue Giant**
  - Each 50c, Six $2.50
  - Blue Giant is one of the largest irises. Its single petals measure nine inches, and its soft blue color makes it as beautiful as it is large. Perfect for mass planting, an enchanting harmony of color is obtained when planted with its deep-blue-purple counterpart, Violet Beauty.

- **Circe**
  - Each 50c, Six $2.50
  - A large double flower of dark blue-purple. A narrow white band circles the yellow center creating a beautiful contrast with the dark petals. Its early bloom makes it a "must" for those who would enjoy a full season of color.

- **Doris Childs**
  - Each 60c, Six $3.00
  - Carried on tall straight stems, the double row of large pink petals is deeply veined in purple giving a color contrast of outstanding beauty. Planted with La Favorite, its counterpart in blue, it makes a most interesting color scheme in any garden.

- **Elbrus**
  - Each 75c, Six $3.75
  - A fitting companion to the exquisite Light-in-the-Opal, these two are considered by many as one of the greatest achievements in iris development. The bloom is an exceptionally large double with ruffled edges. The color is a gorgeous azure-blue.

- **F. H. Childs**
  - Each 50c, Six $2.50
  - One of those extraordinarily beautiful splashed flowers. Its large double blooms are of a deep red-purple splashed with white. The appearance is of fine cut granite. Another Flowerfield masterpiece which is an exciting novelty in any garden.

- **King of Kings**
  - Each 50c, Six $2.50
  - A single white iris of exceptional size, the beauty of which is enhanced by a delicate blue-purple glow which spreads over the petals as they open. This fascinating effect makes them particularly valuable as a cut flower. Pick them in bud and watch them unfold their beauty indoors.

- **La Favorite**
  - Each 50c, Six $2.50
  - An exceptional double flower. The delicate blue-white color of the falls is laced with deep purple veins. Plant it with its mate, Doris Childs, and enjoy a charm of subtle color blending.

- **Light-in-the-Opal**
  - Each 75c, Six $3.75
  - One of the most interesting of all irises. A gorgeous orchid-pink, double flower measuring eight inches and more across. Ruffled at the edges, its yellow throat is surrounded by a delicate blue halo giving to the whole an effect of indescribable beauty. The profuse blooms are perfectly placed on tall majestic stems. A Flowerfield origination, it is a masterpiece of which we are justly proud.

- **Reine Helena**
  - Each 50c, Six $2.50
  - A delicate blue-purple flower laced with white veins, single, large, and very freely produced. Its tall slender stems give it the true dignity of a queen. The early blooms are a fitting overture to the parade of beauty in your Kaempferi garden.

- **Slumbering Beauty**
  - Each 50c, Six $2.50
  - One of the most enchanting of the red-purple irises. The single falls are laced with tiny threads of white which spring from a large white center. A tall graceful grower, magnificent blooms.

- **Violet Beauty**
  - Each 50c, Six $2.50
  - The individual single petals are of enormous size, forming a flower of rich violet texture. It is the dark blue counterpart of Blue Giant. Tall and stately, they display their exquisite beauty to advantage planted either en masse or singly.

POPULAR STANDARD VARIETIES OF PROVEN MERIT

Over the years our customers have shown marked preference for certain ones of our many varieties. All of these have stood the test of time, flowering year after year with fresh new beauty and with complete satisfaction to the most discriminating gardener.

So that you may choose with ease, these are grouped in broad color classifications, as established by leading authorities on Iris Kaempferi. While by no means our complete list of varieties, they do represent the best cross section of our extensive collection.

PURE WHITE

Apollo Each 35c, Six $1.75 The vibrant beauty of the large white single petals is justified by the small pink standards which rise from the throat. Early in bloom it increases the length of your garden show.

*Moonlight Waves Each 50c, Six $2.50 A large, early blooming white iris. Its double set of petals hang in hanging folds from stately stems and form a perfect background for the coloring of your garden.

*Mountain Glacier Each 30c, Six $1.50 A pure white iris which blooms after the others have gone. A single Iris, and a fitting sequel for the early blooming Apollo.

WHITE FLUSHED WITH PURPLE

*Calvin Coolidge Each 50c, Six $2.50 White blushed with red-purple on its large petals, it is a rare single Iris of extreme beauty. A fitting companion to the lovely King of Kongsue described on the previous page. Plant them together for a gorgeous color harmony in delicate reds and blues.

*Mrs. George Stump Each 40c, Six $2.00 A large single white flower delicately flushed with mauve.

PURPLE PETALS WITH WHITE VEINS

*Eleanor Parr Each 30c, Six $1.50 The double row of large red-purple falls are crossed by veins of white. A late bloomer, it prolongs the beauty of your garden.

*Ethel J. Marshall Each 35c, Six $1.75 A beautiful late blooming flower with single petals of light blue laced with white veins. Growing tall and straight, it carries its beautiful blooms in a regal manner, making it outstanding.

*Grace Sperling Each 35c, Six $1.75 A lightly veined petal in soft violet-blue. Small milk-like standards rise from a lemon-yellow throat. A single flower of exquisite color blending, its profuse bloom lasts late into the season.

Hercule Each 50c, Six $2.50 An exceptionally large Iris of double formation. Its ruffled petals of light blue-purple are laced by veins of white which burst from around the yellow throat. As it unfolds, the colors change to a white, delicately flushed with blue. This fascinating flower is one of the early varieties.

Lake Louise Each 35c, Six $1.75 A light blue flower with a large central band of white. The coloring is delicate and even. It is a companion to the beautiful Midnight.

Lucy Marshall Each 40c, Six $2.00 A large double Iris of blue-purple. The throat is surrounded by a white band which shoots forth veins into the blue-purple field. Plant it for its late blooms which are a fitting finale to a season of gorgeous coloring.

Midnight Each 35c, Six $1.75 A dark purple flower in rich velvety tones. A narrow band of white in the throat serves to increase the beauty of the coloring. Double, the blooms are unsurpassed in their luxurious texture.

Red Riding Hood Each 40c, Six $2.00 This Iris is a clear red-purple, laced with white veins shooting from a white central band. A late bloomer, this lovely single Iris prolongs the beauty of your garden Iris.

Temple Flower Each 35c, Six $1.75 As enchantingly lovely as its name. A narrow band of white in the center of the bloom sends white streamers across the blue-purple falls, creating an oriental charm so characteristic of Iris Kaempferi.

MOTTLED EFFECTS

City of Fortune Each 30c, Six $1.50 A red-purple single flower with a mottled texture. Plant it near the edge of your iris garden as its profuse blooms are low growing and give a finished effect to the bed.

Confucius Each 30c, Six $1.50 Falls of light blue are splashed with red-purple, giving a pleasing mottled effect. As charmingly oriental as its name. A late single.

LIGHT PETALS WITH DARK VEINS

*Carlton Childs Each 40c, Six $2.00 The large single petals are a light shade of pink, covered with veins of plum-wine. The effect is one of an intricate oriental design.

*Jeanette Parry Each 30c, Six $1.50 Very large single petals of light blue are laced with deep soft purple veins. Plant with Carlton Childs for an exquisite blend.

*Marjorie Parry Each 35c, Six $1.75 A soft mauve flower crossed with red-purple veins. The soft coloring of the petals is charming in its delicacy. Double.

Melpomene Each 35c, Six $1.75 This flower has a light blue field laced with darker blue veins. A late bloomer, an attractive finale to your Iris season.

Rose Anna Each 40c, Six $2.00 The red counterpart to Melpomene and equally enchanting. A light grey background is traced by dark red veins. Large double.

FLOWERS WITH INCONSPICUOUS VEINING

*Aspasie Each 40c, Six $2.00 Indistinct light blue veins traced across the petals of soft lavender give a beautiful even coloring to the flowers. Mass these singles for a most delightful color effect.

*Astarie Each 50c, Six $2.50 The bloom is a beautiful deep hyacinth-blue in open textured falls which measure as much as nine inches. This is an outstanding double variety for those who like the darker shades. Another valuable late bloomer to carry on as others fade.

*Betty Jean Childs Each 35c, Six $1.75 The light pink falls are delicately veined with orchid, and tiny mulberry standards rise from a golden throat. Planted with Aspasie, the red and blue makes a very attractive garden blending. One of the prettiest singles.

*City of Dreams Each 35c, Six $1.75 A flower of rich velvet texture in dark royal blue. One of the most beautiful of the single late bloomers, it is unsurpassed in massed effect. Try it for color masses in your garden.

*Chutsai Each 35c, Six $2.00 A single flower of very light red-purple with indistinct veins of the same color. The appearance is one of charming simplicity. Planted en masse, they produce beautiful color splashes in your garden.

*Clarice Childs Each 40c, Six $2.00 The petals of this single Iris are a dark reddish purple with veins of a slightly deeper hue. The general appearance is one of even color and the massed effect is exquisite. Early, a fitting herald of the exciting events to come in your Kaempferi garden.

*John Francis Each 40c, Six $2.00 Petals are clear lavender, flushed with blue. Inconspicuous veins run across the single falls, giving a luxurious texture to the bloom.

*Josephine Heywood Each 40c, Six $2.00 Large blue petals, fading to a light blue around a lemon-yellow throat, make this single Iris one of the most interesting color combinations. It grows tall and blooms profusely.

Patricie Each 30c, Six $1.50 An amethyst-violet flower with yellow throat markings. There is a beautiful blue flush toward the center of the single petals. Should be included in any collection because of its exquisite early bloom.

Totty's True Blue Each 45c, Six $2.25 A flower of pure violet-blue. The large petals and late blooming date make this a valuable asset to the Iris garden. One of the best varieties for massing. Blooms profusely.

$2.50
TALL BEARDED IRIS

Of tall bold form and abundant bloom, the Tall Bearded Iris flower during late May and early June. Extremely hardy, they thrive anywhere and multiply rapidly. Their lovely self colors, and exquisite blends, accentuated by pleasing foliage, will add immeasurably to the beauty of your garden. Usually planted in full sunlight, but well suited to moderate shade. In late June, after flowering, it is well to cut back the foliage instead of allowing it to die down naturally.

**SPECIAL COLLECTION OFFER**

Each one different. Each one labeled. Selected by us from the above list, and from many other fine varieties of which we have too few plants to catalog separately.

10 Tall Bearded Iris For $2.00
Siberian Iris

Dainty flowers, borne on long slim stems with narrow grasslike foliage that is quite decorative in itself after the flowers are gone. Particularly nice about pools and streams. The long-keeping qualities of the blooms make them ideal for cutting, especially when combined with Iris pseudacorus, a lovely yellow variety, quite similar in habit and flower. Can be used anywhere tall Bearded Iris are planted, requiring the same general culture. Height 3½ feet.

Bob White. Pure white, dainty flowers, fine for cutting.
Butterfly. Soft medium blue flowers with graceful foliage.
Duchess of York. Deep violet-blue; lovely to contrast with lighter colors.
Mrs. Rowe. An unusual color in Siberian Iris, clear lavender-pink.
Pallid. Clear blue throughout. Excellent in mixed bouquets.
Pigmy. Dark violet; low-growing. Adapted to foreground planting.
Snow Queen. Low growing white. Really exquisite flowers.
Thelma. Delicate shade of Alice-blue, with contrasting white throat.
White Dove. An unusually tall-growing variety of pure snow-white.

All Varieties: Each 25c, Three 50c, Dozen $2.00

Combination Offer

SIBERIAN IRIS and IRIS PSEUDACORUS (As Illustrated)
Bob White. Pure white.
Butterfly. Soft medium blue.
Thelma. Delicate shade of Alice-blue.
Iris Pseudacorus. Yellow.

One Each ($5 plants) $1.00

LOVELY YELLOW IRIS PSEUDACORUS

Very similar in habit of growth, flowering time, and shape of the blooms to the Siberian Iris. Excellent to plant with them to add this bright color to the whites and blues with which the Siberian Iris abounds. When cut and used indoors, the three colors make an attractive bouquet. Will stand much more moisture than most Iris and is well suited to plant along banks and streams where it will readily naturalize.

Each 30c, Three 75c, Dozen $2.75

AND, ANOTHER LOVELY CUT FLOWER IRIS

Iris Ochroleuca gigantea. Each 30c, Three 75c, Dozen $2.75
Stately garden plant and beautiful long lasting cut-flower. Extensively grown by florists for that very purpose. The flowers are quite unlike other Iris, being not only beardless, but of most artistic form and appearance. In good rich soil one can have stems as high as 5 feet. Flowers have pure white standards, with falls of yellow, edged with white. While they will stand considerable dryness, they prefer a rich, moist soil.

Iris Cristata

Dwarf Creeping Iris for Shady Places

A delightful pale orchid. Grows only to about 3 inches, and has creeping tendencies. An excellent subject for a shady spot in the rock garden, or as a ground cover under trees, where it will form a carpet covered with flowers in the early spring. Should be planted in generous quantities, setting the plants about 3 inches apart.

Each 35c, Three 85c, Dozen $3.00

Pumila or Baby Iris

SPRING-FLOWERING VARIETIES

Little cousins of the tall Bearded Iris, identical in flowers and in soil requirements. They grow only 4 to 9 inches tall, making it possible to use them both in the rock garden and at the edges of borders. Flower quite a bit before the taller Iris, coming into bloom during April and early May.

Fairy. Pale blue. One of the daintiest of the Pumila Iris.
Sambo. Dark violet-blue, growing about 8 inches tall.
Schneecuppe. Large, showy, pure white.

All Varieties: Each 25c, Three 60c, Dozen $2.00

AUTUMN-FLOWERING VARIETIES

The autumn-flowering types have two or more flowering periods during the year. In addition to flowering in the spring with the other Pumilas, a second crop is borne during September. The more prolific types will often continue to flower until frost, as well as throwing scattering bloom during the summer months.

Autumn Queen. Each 30c, Three 75c, Dozen $2.75
Pure snow-white and a reliable variety. Compares in vigor and habit with Jean Siret and Lieut. Chavagnac, but is a little larger and taller.
Jean Siret. Each 30c, Three 75c, Dozen $2.75
Clear golden yellow. Has a long blooming period in the spring, and again in the fall. One of the finest miniatures.
Lieut. Chavagnac. Each 30c, Three 75c, Dozen $2.75
A new everblooming, fragrant, brilliant violet variety, with all the good qualities of Jean Siret, including its prolific blooming habit. The two go well together and are best planted in combination.

BABY IRIS GO WELL WITH PRIMROSES
(Primrose listed on page 36)
LYCHNIS HAAGEANA

LOBELIA
Showy border plant also adapted to shaded and moist locations. While they prefer moisture, any garden location that is reasonably well watered will grow them. Plant in groups of at least three for best effect.

Cardinalis Each 30c, Three 75c, Doz. $2.75
Hardly any plant is brighter in color. Fiery cardinal-red, rivaling a neon sign. Grow 2 feet high, with great heads of rich brilliance.

Coerulea Each 30c, Three 75c, Doz. $2.75
Attractive medium blue color, streaked with white. Just the thing for the woods, and along the banks of ponds and streams. 2 feet.

LUPINES
Stately perennials, particularly suited to the cooler parts of the country. Produce large spikes of bloom for both garden decoration and cutting, with distinct and different foliage. Should have abundant moisture. Never give them lime, as they prefer a soil tending to acid. Plant in groups of six or more, setting them 8 inches apart. Flowers in late May and early June.

Albus Each 30c, Three 75c, Doz. $2.75
Pure white flowers, growing 3 feet or more tall.

Blue Each 30c, Three 75c, Doz. $2.75
Large spikes of clear attractive blue.

Luteus Each 30c, Three 75c, Doz. $2.75
Varying shades of clear yellow.

Roseus Each 30c, Three 75c, Doz. $2.75
Flowers of beautifully shaded rose.

Russell Lupines Each 35c, Three 95c, Doz. $3.00
For surpasses the older polyphyllus type, both in size, vigor and variety of color. Untold shades of self-colors and innumerable bi-colors of the most striking combinations, never before seen in Lupines. Spikes are large and robust, growing 3 to 5 feet tall.

LYCHNIS
Perennials having really bright colors that live up the border. All prefer full sun, except Haageana, which is essentially suited to shady locations. Give good soil.

Chalcodonica Each 30c, Three 75c, Doz. $2.75
Heads of vivid scarlet flowers, blooming a long time. It is difficult to find a plant of more striking color. Grows 3 feet tall. Set 1 foot apart.

Haageana Each 30c, Three 75c, Doz. $2.75
Ideal for bringing bright colors to a shady nook in the rock garden. A foot high, with single, fairly flat flowers in the brightest imaginable shades of pink, rose and red. Set 6 inches apart.

Viscaria flore-pleno Each 30c, Three 75c, Doz. $2.75
Double variety, 18 inches high and flowering in mid-summer. The name "Catch-Fly" is derived through the gummy substance carried on the upper portion of the stems. Pure rosy red in color. Set 1 foot apart.

MERTENSIA - Virginia Bluebells
Originally a woodland plant, but by reason of early and profuse flowering habit, just the thing for the garden. Grow in any kind of soil, and very definitely prefer moisture, shade or semi-shade. Can be grown in more open positions, if one will water heavily during the summer.

Virginica Each 25c, Three 65c, Doz. $2.50
Large clusters of clear blue-bells, tinged with delicate pink in April. Fine for woodland and shrub plantings and to naturalize with spring bulbs. Plant in clumps of six or more. Height, 1 foot.

MONARDA - Bergamot
Large flower heads of scarlet, pink and white, carried on stems from three to four feet in height. Adapted to wild and cultivated gardens. Will do either in full sunlight or semi-shade.

Cambridge Scarlet Each 30c, Three 75c, Doz. $2.75
Brilliant crimson-scarlet flowers produced from June until August. Blooms measure from three to four inches across, with open centers surrounded by whorls of petals.

Salmon Queen Each 30c, Three 75c, Doz. $2.75
Attractive shade of salmon-pink. Adapted to the perennial border, where its delightful fragrance gives it further value.

MYOSOTIS - Forget-Me-Not
Pulastria sempervirens Each 25c, Three 65c, Doz. $2.50
Pretty blue flowers in clusters made up of Forget-Me-Not flowers. They need abundant moisture, but if this is provided, they will grow in sun or shade. Ideal for nooks and corners in the shade, and for waterside planting. Grow about one foot high, and in time spread to a width of up to two feet.

NAPHEA
Aromatic and distinctly colored foliage. Occasionally grown among herbs, but more often as an edging plant for the perennial border. Combines excellently with Tulips. Full sun and well-drained soil are the only requirements. Set 8 inches apart.

Mussini Each 25c, Three 65c, Doz. $2.50
Commonly planted as an edging either to annual beds, or to Tulip borders, the light silvery grey foliage, and attractive flower heads, growing about one foot high, blend perfectly with the Tulips.

Six Hills Giant Each 30c, Three 75c, Doz. $2.75
A larger and finer form on the order of Mussini. While not so well suited for edging use, it works beautifully into the perennial border. Flowers are large enough for cutting.

Souv. de Andre Chaudron Each 30c, Three 75c, Doz. $2.50
Quite unlike the other Nepetas. Foliage is broader and less inclined to silvery color. Flowers are much larger, being semi-trumpet in shape, and an inch or more in length, in color a medium dark blue.

NIEREMBERGIA - Trailing Cupflower
Rivularis Each 35c, Three 95c, Doz. $3.00
Dwarf, creeping plant for the rock garden and edgings, with pure white bell or cup-shaped flowers. Interesting to grow in a moist, shady border, though they do well in full sunlight. Flowers all summer.
OENOTHERA - Evening Primrose

If you have a hot, dry position in blazing sun, where no other attractive, free blooming plant will grow, use Oenotheras. Once they begin to flower in late June, they continue all summer. Low growing types are ideal for rock gardens.

Missouriensis  
Each 30c, Three 75c, Doz. $2.75  
A low spreading species for the rockery with large, flat, saucer-like flowers of pure yellow. In bloom from June to August.

Speciosa  
Each 30c, Three 75c, Doz. $2.75  
Erect growing variety reaching a height of 18 inches, and carrying numerous pure white flowers, measuring about 3 inches across. Blooms all summer.

Youngi  
Each 30c, Three 75c, Doz. $2.75  
Sturdy plant with large attractive foliage, well suited to hot locations where it will withstand intense afternoon sun. Grows 2 feet tall, with large flowers of bright lemon-yellow from June to August.

PHLOX SUBULATA - Moss or Mountain Pinks

Early spring flowering plants that come into bloom before Decoration Day, making huge carpets of pink, white, lilac and red. Indispensable for edging and for graves. Just the thing to highlight the rockery. They will grow in almost any soil, if in full sunlight, but do best on soils of a light nature. Set them 3 inches apart.

Alba  
Each 25c, Three 65c, Doz. $2.50  
Great masses of flowers of purest white, completely covering the plants in May. Grows about 4 inches high.

Apple Blossom  
Each 25c, Three 65c, Doz. $2.50  
Pure delicate pink. A shade much to be preferred to the deeper tones more commonly found.

Blue Hills  
Each 25c, Three 65c, Doz. $2.50  
Tall blue flowers produced in the spring, with another scattering crop in the fall as well. Of compact growth and tidy appearance.

Brilliant  
Each 25c, Three 65c, Doz. $2.50  
If you want a really bright color, you will like the vivid crimson of Brilliant. A bright showy color intended to really catch the eye.

Vivid  
Each 30c, Three 75c, Doz. $2.75  
Bright pink, with darker eye. In spite of its comparatively slow growing habit, probably the best pink Phlox Subulata. Its controlled growth makes it useful where more rampant varieties become troublesome.

PAPAVER NUDICAULE - Iceland Poppy

Mixed Colors  
Each 30c, Three 75c, Doz. $2.75  
Open saucer-like flowers all summer long in bright showy colors. Prefers a light soil and open sunlight. Early spring planting is advisable. Water heavily during dry periods of the summer. Grows 1 foot in height with charming flowers in all shades of orange, yellow, white and pink.

PAPAVER ORIENTALE - Oriental Poppy

For display of rich, brilliant colors, nothing equals Oriental Poppies. Bloom in May and June, just after Peonies, and remain in bloom with Delphiniums. Their startling color effect and the satiny soft quality of the petals are fascinating almost beyond description. Set in clumps of three or more, spaced a foot apart. Adapted to any garden soil, but avoid low wet spots. During winter a light loose covering is advisable, without, however, matting down and smothering fall growth. Planting in early fall is recommended, and unless especially requested, orders are held for shipment at that time.

Beauty of Livermore  
Each 40c, Three $1.00, Doz. $3.50  
Well formed flowers of good size of fine dark crimson with black blotches. Quite abundant in bloom.

Cavalier  
Each 40c, Three $1.00, Doz. $3.50  
One of the largest Poppies, huge blooms of deep crimson-scarlet, heavily marked with deeper tones appearing to be almost black. Flowers distinctively crinkled.

Henry Cayeux Improved  
Each 40c, Three $1.00, Doz. $3.50  
A close approach to lavender, though more exactly described as a peculiar tint of ashes of roses. A “different” color in Poppies.

Jean Mawson  
Each 40c, Three $1.00, Doz. $3.50  
Large flowers of salmon-pink, heavily marked at the base, both inside and out, with large black markings. These markings are inconspicuous on the exterior of the flower.

Lula A. Neely  
Each 40c, Three $1.00, Doz. $3.50  
Brilliant oxblood-red flowers on strong stems of moderate height. A pleasing color that has found favor.

May Sadler  
Each 40c, Three $1.00, Doz. $3.50  
Large flowers of salmon-pink, heavily marked at the base, both inside and out, with large black markings. These markings are inconspicuous on the exterior of the flower.

Mrs. Perry  
Each 40c, Three $1.00, Doz. $3.50  
A popular pink variety, though the color is more properly an apricot-pink suffused orange. Reliable and a sturdy grower.

Olympia  
Each 40c, Three $1.00, Doz. $3.50  
The almost double flowers of brilliant rich flame, overlaid with glistering golden salmon, have a tendency to open and lie comparatively flat.

Perry’s White  
Each 40c, Three $1.00, Doz. $3.50  
Satiny white with a crimson-maroon blotch at the base of each petal. Should be planted in a favored spot and given extra care. Sturdiness of the whites though they do not grow as vigorously as plants of other colors.

Sass Pink  
Each 40c, Three $1.00, Doz. $3.50  
With larger stocks available we are now able to offer at a moderate price this largest and finest of all pink Orientale Poppies. Huge blooms of light delicate pink, with petals of crinkled texture.

Wurtembergia  
Each 40c, Three $1.00, Doz. $3.50  
Brilliant glowing rose-red. A color liked by many persons as it is not a glaring tone.
Hemerocallis

MAGNIFICENT HYBRID DAYLILIES

Well-known perennials of the Lily order that have been grown in gardens for generations. The older forms are wide-spread, both in gardens, and in the wild, where some types have escaped and formed great beds. All of them have large, Lily-like, trumpet flowers in varying shades of yellow, orange, and red. Toff, stately plants useful for the perennial border, alongside of pools, and for semi-wild or open woodland plantings. They are among the hardiest of perennials, growing in any kind of soil and in any section of the country. Full sun or partial shade.

Bay State
Each 35c, Three 95c, Doz. $3.00
Enormous blooms of glistening yellow. The form of the flower is that of a wide-mouthed bell and the texture is excellent. Blooms in July and grows over 3 feet tall.

Cinnabar
Each 50c, Three 1.25, Doz. $4.00
Gorgeous blooms with a reddish cast. The creamy flowers are overlaid with coppery red markings and have a dark red throat. Lovely in contrast with the pale yellow varieties. Blooms in mid-June and grows 3½ feet tall.

Dr. Regel
Each 35c, Three 95c, Doz. $3.00

George Yeld
Each 60c, Three 1.50, Doz. $5.00
A lovely bicolor, soft warm yellow with light red markings. Very striking planted as a specimen in light shade where the foundation planting is not too close. Blooms in late July. Height 3½ feet.

Gold Dust
Each 35c, Three 75c, Doz. $2.75
A really deep orange variety that has been found particularly desirable for mass plantings, where a great display of color is required. Blooms in July and grows to a height of 4 feet.

J. A. Crawford
Each 35c, Three 95c, Doz. $3.00
A lovely clear warm yellow with slightly flushed petals. The strong stems carry many buds in widely branched flower heads. A real beauty. Blooms in July and August, with a few flowers often appearing as late as Labor Day.

Golden
Three 65c, 25 for $4.50, 100 for $16.50
A fine true golden variety that has been found particularly desirable for mass plantings, where a great display of color is required. Blooms in July and grows to a height of 4 feet.

Kwanso flore-pleno
Each 30c, Three 75c, Doz. $2.75
This really different variety is unique among Daylilies. Its double petalage makes up full-centered blooms of rich golden bronze, in marked contrast with the usual open trumpet flowers one expects in Daylilies. Blooms in July and August, 3 feet tall.

Mrs. W. H. Wyman
Each 40c, Three $1.00, Doz. $3.50
A late variety, Mrs. W. H. Wyman comes into flower after most of the Daylilies have stopped blooming, prolonging the season with lovely clusters of pale yellow Lilies. In full bloom August 1st, 3 feet tall.

Hyperion
Each 75c, Three $2.00, Doz. $7.50
Acknowledged to be the finest Hemerocallis that is now obtainable at a moderate price. Flowers are fine citron-yellow, of large size, and long trumpet form, produced in great numbers on strong stems about 40 inches tall. Vigorous in growth, a single plant soon making a strong clump. Persistent in bloom through July and August, with a few flowers often appearing as late as Labor Day.

Orange King
Each 30c, Three 75c, Doz. $2.75
A free-blooming variety adapted to naturalized plantings where its abundance of bloom and strong growing habit enable it to establish readily. Clear orange flowers in June. 3½ to 4 feet.

The Gem
Each 30c, Three 75c, Doz. $2.75
Tall, with apricot Lilies of excellent form. The flowers are carried high above the foliage on 4-foot stems. Excellent for cutting. In full bloom June 20th.

Thunbergi (Lemon Lily)
Three 65c, 25 for $4.50, 100 for $16.50
One of the older types of Hemerocallis still widely used in spite of the fact that the flowers are smaller in size than the newer Hybrids. Grows 2 to 3 feet tall, blooming in July, with many flowers of pure pale yellow.

Garden Collection of Fine Daylilies

Distinctly different varieties, each one labeled. Selected by us from the above list, and from many other equally outstanding varieties, of which we do not have enough to offer in our catalog.

5 Varieties $1.25
10 Varieties $2.00
The NECESSARY Perennial

No other plant will grow so readily, require so little care, flower in so many different colors, for so long a time, and be so generally useful. Bloom in late June and continue until fall, with great trusses of red, pink, white, bi-color and bluish lavender. Give them good garden soil, cut back faded flowers, and lift and divide every 3 or 4 years. Height 2 to 3 feet.

Basic Phlox

Each 30c, Three 75c, Doz. $2.75

Rich purplish plum or wine color. A distinct tone not duplicated in newer Phlox. Robust grower, often reaching 3½ feet.

Count Zeppelin

Each 30c, Three 75c, Doz. $2.75

Large heads of pure white, each floret with a sharply defined eye of bright red. There is no fading or suffusing of colors. Free-blooming. Considered the best of “calico” Phlox.

Daily Sketch

Each 30c, Three 75c, Doz. $2.75

A sturdy variety giving great heads of clear rose-pink, with the center bright rich rose. One of the most reliable varieties, always giving large heads of flowers, and constantly in bloom.

Encrassette

Each 30c, Three 75c, Doz. $2.75

Bright salmon-pink with somewhat darker eye, that does not detract from the color as a whole. Good strong grower with clean, rich foliage, comparatively free from rust.

Ethel Prichard

Each 35c, Three 75c, Doz. $3.00

One of the most popular of the so-called blue tones, though it is quite removed from true blue. Exact color is a French mauve, that varies in exact shading with weather conditions.

Firebride

Each 30c, Three 75c, Doz. $2.75

Brilliant orange-scarlet. One of the best of the older varieties.

Blooms quite early in the season with large heads, made up of fairly large flowers. Continues to bear quite freely until fall.

Jules Pradeau

Each 30c, Three 75c, Doz. $2.75

Comparatively dwarf in habit, not growing much more than 2 feet. Florets are large, and of an unusual tone of watermelon pink. A Phlox with a color and character of its own.

Leo Schlageter

Each 40c, Three 1.00, Doz. $3.50

The best and most brilliant red Phlox. Large scarlet blooms that seem to glow like fire. A fine sturdy grower, seldom bothered by disease or rust. Of splendid free-flowering habit, with large trusses on stems 3 to 3½ feet high. Quite early.

Lillian

Each 35c, Three 75c, Doz. $3.00

Delicate cameo-pink, with faint blue eye, not found in any other variety. Lends itself to color schemes where no other variety will do. Throughout the summer the color is always the same, never taking on magenta tones.

Miss Lingard

Each 30c, Three 75c, Doz. $2.75

Come in bloom quite a bit earlier than other Phlox. Probably the oldest variety in our list but still the best white. Large panicles of florets, centers of which have just the faintest suggestion of pink. Begins to bloom in June.

Mary Louise

Each 40c, Three 1.00, Doz. $3.50

A fine new pure white and the best in late-blooming kinds. Sturdy growth with large, conical heads of pure white. Unlike some of the older white Phloxes, it continues to bloom throughout the summer.

Rheinlander

Each 30c, Three 75c, Doz. $2.75

Clear salmon-pink with darker center. A splendid old-time variety that has stood the test of years, and has proven to be a really reliable Phlox in this clear color.

Rijnstrom

Each 30c, Three 75c, Doz. $2.75

Lovely rose-pink, on the order of Paul Neyron Rose. Not a new variety, but an old-timer, universally satisfactory.

Salmon Glow

Each 40c, Three $1.00, Doz. $3.50

Lovely flame-pink, with a suffusion of cameo-orange, shaded salmon, softened by lilac and white centers. An unusual color in Phlox, the effect being delightful orange-pink.

A Basic Collection of Phlox

Clear, distinct colors in Phlox always highlight the border, especially when planted in clumps of 3 or more of a variety. To encourage liberal planting, we offer a special collection of four fine sorts.

- **Count Zeppelin.** White with red eye
- **Daily Sketch.** Rose-pink, darker eye
- **Lillian.** Delicate cameo-pink
- **Leo Schlageter.** Brilliant scarlet

3 Each 32 Plants $2.75 6 Each 64 Plants $5.00
PENTSTEMON - Beard Tongue

Spikes of flowers of tubular or Digitalis-like form. Taller types are suitable for the border, dwarf forms for the edges of borders and for rock gardens. Several varieties produce spikes for cutting. Sunny location, and a rich well-drained soil are necessary. Plant about 1 foot apart.

Barbatus Torreyi Each 25c, Three 65c, Doz. $2.50
Slender, willowy sprays 2 to 3 feet high, bright scarlet, tubular flowers, resembling fire-crockers. Blooms June to August.

Blue Gem Each 35c, Three 95c, Doz. $3.00
Beautiful medium blue trumpet-like flowers of graceful form. Excellent for the border and a good cut flower.

Garnet Each 40c, Three $1.00, Doz. $3.50
Numerous stems growing about two feet tall, carrying Gloxinia-like flowers of rich garnet color, from June until hard frost. We suggest a well-drained spot, and careful protection with straw over winter.

Grandiflora Each 40c, Three $1.00, Doz. $3.50
Individual blooms are as large as a man's thumb, standing out from a heavy and tall stem. Stems are produced right from the ground, without branching, giving fine flowers for cutting. Thick, sturdy foliage of attractive silvery green. 3 feet. Flowers in July.

PLUMBAGO

Larpentae Each 25c, Three 65c, Doz. $2.50
Excellent for edging driveways, under shrubbery, and for rock gardens. Top growth is made quite late in the spring, but by early summer is of a bright bronzey green color, with metallic sheen. From August through until the fall, covered with brilliant blue flowers. Height 6 to 8 inches. Will grow in almost any soil, and in fairly dense shade as well as sunlight. Plant 8 inches apart.

POLEMONIUM

Coeruleum Each 35c, Three 95c, Doz. $3.00
Fine erect stems, growing up to 18 inches in height, hanging, during June and July, loose, open heads of sky-blue flowers. An excellent plant for the sunny border. Do best in light, well-drained soil in full sun. Not at all suited for heavy, wet soils.

PYRETHRUM - Painted Daisy

Produce fine showy flowers outstandingly good for cut flowers. In addition to long stems, they have fern-like foliage. Give best results on a light soil, which, however, should be well watered during the dry period of the summer. Flowers appear the end of May and if cut continuously, a prolonging blooming period is possible. Plant in groups of 3 or more, setting them 15 inches apart.

Brilliant Each 50c, Three $1.25, Doz. $4.00
Full double red blooms of great substance and excellent cut-flower quality, carried in considerable numbers.

Miami Queen Each 50c, Three $1.25, Doz. $4.00
Not quite double, but definitely full flowers of attractive pink. Good cut flowers, and a fine garden plant.

Sylvia Each 50c, Three $1.25, Doz. $4.00
Double white, slightly flushed with satiny pink. One of the few good white cut flowers obtainable so early in the spring.

Single and Double Mixed Each 25c, Three 65c, Doz. $2.50
Double, semi-double and attractive single flowers in all conceivable tints and tones found in Painted Daisies.

PLATYCodon - Chinese Bellflower

Highly satisfactory plants for the sunny border. The better known types grow 2 feet high, with open, upright bell-shaped flowers all summer. Prefers a sandy soil, but will do in any garden soil if well-drained.

Grandiflorum Each 25c, Three 65c, Doz. $2.50
Large showy bells of pure medium blue on 30-inch stems. A free-flowering plant for the border and useful for cutting.

Grandiflorum album Each 25c, Three 65c, Doz. $2.50
Identical to Grandiflorum but pure white.

Marlesi Each 25c, Three 65c, Doz. $2.50
A dwarf species, height not more than a foot, and of somewhat spreading habit. Valuable in the front part of the border, and for the rock garden.

Marlesi album Each 25c, Three 65c, Doz. $2.50
Identical to Marlesi but pure white.

PRIMULA - Primrose

Probably the most colorful of our early spring flowering plants that is adapted to shade and dampness. Suitable for the rock garden, wild garden, woodland, shady sides of porches and houses, and all really wet locations. Flower in May and grow from 6 inches to one foot in height. Plant 6 inches apart.

Auricula alpina Hybrids Each 35c, Three 95c, Doz. $3.00
Distinct because of its smooth foliage, with many two-toned flowers. Colors tend to pinks and deep shades not found in the more common Cowslip. Ideal for rock gardens, as it will succeed where it is dry.

Casherianana Each 35c, Three 95c, Doz. $3.00
Large heads of pleasing purple. Flowers are not flat like other Primulas, but are made up of small florets in tight globular heads.

Japonica Each 40c, Three $1.00, Doz. $3.50
Abounds in rich colors from crimson to rose to almost white. Excellent for contrasting with true yellow Primroses.

Varis Hybrids Each 30c, Three 75c, Doz. $2.75
Resembles the old-fashioned Cowslip, but in addition to yellow, contains a wide range of buff, orange, salmon and other rich tones.

Vulgaris Each 30c, Three 75c, Doz. $2.75
True old English Primrose with large, pale yellow flowers. The one most people know, and of wide-spread popularity.

Rudbeckia - Coneflower

Hairy, free-flowering perennial noted for their vigor and vitality. Make excellent and showy plants for sunny or partially shaded locations. Will grow just about anywhere. Flower in midsummer from July to August.

Autumn Forest Each 40c, Three $1.00, Doz. $3.50
A great improvement over older types, producing large flowers in yellow, buff, gold, and mahogany. Height 2 feet.

Hirta Hybrids Each 35c, Three 95c, Doz. $3.00
Star-shaped flowers ranging from clear yellow, through bi-colors and suffused combinations of yellow and brown, to mahogany and red, set off by black shoe-button centers. Unsuspected for cutting. 2 feet.

Purpurea Each 30c, Three 75c, Doz. $2.75
(Giant Purple Coneflower). Large flowers of an attractive shade of light rose-purple, with prominent brown, cone-shaped centers. Blooms from July to October. 3 feet.
SALVIA - Sage
Showy border plants suitable for sunny locations, valued because of their attractive spikes of blue flowers in late summer and early fall. Comparatively easy to grow, requiring little more care than a good ordinary soil. Space 1 foot apart.

Azurana grandiflora
Each 30c, Three 75c, Doz. $2.75
Producing in August and September many spikes of pretty sky-blue flowers, affording attractive flowers for cutting.

Pitcheri
Each 30c, Three 75c, Doz. $2.75
Admired for long sprays of intensely deep blue flowers. Few perennial plants at any time of the year can compare with this distinct color. Excellent for the back of borders, and useful for cutting. Blooms in September.

SAXIFRAGA
Megaera cordifolia
Each 35c, Three 95c, Doz. $3.00
Large, broad leaves making up a plant growing to a height of about one foot. In June, stems are sent up carrying heavy heads of bright pink flowers. Admirable for the front of the border, at the edge of shrubbery, or planted among large rocks. Will grow in sunlight, but are particularly useful in shaded locations.

SEDUM - Stonecrop
Of creeping nature, but including some larger varieties growing up to a foot in height. Dwarf varieties are ideal for rock gardens. Tall varieties show off to advantage in the fore part of borders. Prefers light, dry, sandy soils and a sunny location.

Acre
Each 25c, Three 65c, Doz. $2.50
(‘Golden Moss’). Grows about 2 inches high in tight compact form. Flowers of bright yellow appear in July, but the main value of the plant is for its green carpet-like appearance.

Album
Each 25c, Three 65c, Doz. $2.50
Quite similar to Acre. Thick waxy foliage and white flowers.

Kamtschatcicum
Each 25c, Three 65c, Doz. $2.50
Orange-yellow flowers, with prostrate green foliage, turning golden in autumn. Height 3 inches. Quite different from the “moss” types, and particularly suited for rock gardens.

Kamtschatcicum variegated
Each 25c, Three 65c, Doz. $2.50
Handsome golden variegated foliage. Particularly decorative in midsummer, when the foliage blends with the orange-yellow flowers.

Lydium
Each 25c, Three 65c, Doz. $2.50
Very fine rock plants, with distinctive blue-green foliage and prostrate habit.

Sieboldi
Each 25c, Three 65c, Doz. $2.50
Not exceeding a height of 6 inches, composed of sprays radiating from the crown. Each spray consists of whorls of small, bright green, thick, leathery leaves, edged with attractive pink. Effect is further enhanced by bright pink flowers at the ends of the sprays in September.

Spuinum coccineum
Each 25c, Three 65c, Doz. $2.50
Beautiful rosy crimson-flowered form growing to a height of 6 inches. Excellent for banks, and steep slopes in the rock garden. Flowers in July and August.

Spectabile “Brilliant”
Each 25c, Three 65c, Doz. $2.50
Erect variety, usually 1 foot in height. Broad green foliage, with large, handsome rose-colored heads in August.

SCABIOSA - Pincushion Flower
Grows to a height of about 2 feet, bearing flowers in blue and white, made to order for cutting. Culture is simple, but heavy, wet soils should be avoided as Scabiosas just will not live in such locations. Give them a light soil and full sun. Set 8 inches apart.

Caucasica
Each 25c, Three 65c, Doz. $2.50
(Blue Bonnet). Flower from June to September, sending up straight, stiff stems, surmounted with flat, cushion-like flowers. Medium lavender-blue, lighter as the flowers age. Unsurpassed for cutting.

Caucasica alba
Each 25c, Three 65c, Doz. $2.50
Pure white form of the Blue Bonnet. Equally useful for cutting.

Japonica
Each 25c, Three 65c, Doz. $2.50
Tight, somewhat rounded flowers of attractive lavender-blue, from July to September. Is properly a biennial. Height 2 feet.

STATIC - Great Sea Lavender
Latilolia
Each 25c, Three 65c, Doz. $2.50
Thick, leathery leaves are gathered in a clump, and from these rise wiry stems, growing about 18 inches high, carrying large heads of purplish blue flowers useful for cutting, during July and August. Must have full sun and a light sandy soil. Plant 1 foot apart.

STOKIES - Cornflower Aster
Aster-type flowers in mid-summer and early fall. Likes a warm, sunny location, with a loose, light soil. Set smaller varieties 6 inches apart, and larger types a foot apart.

Laevia coerulea
Each 25c, Three 65c, Doz. $2.50
Light blue flowers about 2 inches in diameter in August. Widely used for cutting, and for the fore part of the border.

Laevia alba
Each 25c, Three 65c, Doz. $2.50
Pure white form of the above.

Blue Moon
Each 40c, Three $1.00, Doz. $3.50
Really huge flowers of pure light china-blue, borne on thick, sturdy stems 18 inches long. Blooms constantly from mid-summer until late fall. While the stems are straight, they do not grow upright, thus giving greater spread to the plant and making it more useful for borders.

THALICTRUM
Prized for their Columbine-like or finely cut foliage, which may be cut to mix with other flowers. In season, the feathery flowers add much to the beauty of the plants. Will grow in any well-drained soil, in full sunlight or partial shade.

Aquilegiolium
Each 40c, Three $1.00, Doz. $3.50
Foliage has a striking resemblance to Columbine. Plants are full and bushy and retain their handsome green effect all summer. Feathery rose-purple flowers in June and July. Height 2 to 3 feet.

Aquilegiolium album
Each 40c, Three $1.00, Doz. $3.50
Pure white form of the above.

Diptecarpum
Each 40c, Three $1.00, Doz. $3.50
Numerous small flowers in August and September of lilac-mauve, brightened by lemon-yellow stamens and anthers. Height 4 feet.

Glauccum
Each 40c, Three $1.00, Doz. $3.50
Finely cut leaves of interesting blue-gray. Especially pretty when combined with the feathery heads of bright yellow fragrant flowers in July. Height 3 to 4 feet.
Single and Crested Peonies

A distinct type of Peony, not as yet widely known, but rapidly increasing in popularity. They are just as easy to grow as the Double Peony, requiring the same culture. For garden effects they are much more colorful and striking, with their attractive colors set off by high crowns of golden anthers. The contrast between the bright center and the outer petals is remarkable.

It would not be an exaggeration to compare their blooms with the most brightly colored Hybrid Water Lilies, which they resemble in size, shape and even in carriage. Their garden habit is above reproach. In spite of rain and wind the stems stand straight, without support, holding forth their blooms in all their glory. Even a single well-developed plant is a sight.

Bitise

Each $1.00, Three $2.75, Doz. $10.00

Large golden centers set off by an overlapping ring of full, broad petals of excellent form. In color a most pleasing lilac-rose throughout. One of the most desirable varieties.

Innocence

Each $4.00, Three $10.00

A new and superior variety that is invariably a prize winner at all shows. Clear brilliant white flowers of truly immense size.

Meg

Each $1.00, Three $2.75, Doz. $10.00

Of truly brilliant color and fine form. Color is a striking camine throughout, with golden center. Its brilliant color and fine form make it one of the most satisfactory varieties for garden use.

Mirth

Each $2.00, Three $5.50, Doz. $20.00

The flowers resemble nothing so much as a huge pure white Pepp that has opened out flat, showing the golden heart. An upright vigorous grower that is one of our best pure white garden varieties.

Mischief

Each $1.00, Three $2.75, Doz. $10.00

A really fine pink Single Peony that flowers late, quite a bit after other sorts are starting to fade. It has an exceptionally high rating among Peonies, and is generally regarded as one of the finest of its color. The flowers after cutting keep in good condition much longer than most of the Single and Crested Peonies. This cut-flower quality, tall stems and upright growth make it a favorite garden variety.

Patricia

Each $1.50, Three $4.00, Doz. $15.00

Pure white, with petals that stand out straight and stiff. A lovely pure color that is excellent for combining with brighter shades, especially brilliant red sorts.

Sandrina

Each 75c, Three $2.00, Doz. $7.50

One of the most popular of the older varieties because of its clear red color. Double row of petals with heavy golden petaloids. A really beautiful variety with flowers of great substance.
The Everlasting Perennial

Kelway’s Glorious  Each $1.50, Three $4.00, Doz. $15.00
Immensely shaggy, rather flat flowers of iridescent white with crimson streaks on outside of guard petals. One of the finest Peonies.

Le Cygne  Each $1.50, Three $4.00, Doz. $15.00
The finest white Peony. Tinged slightly with ivory upon opening, becoming absolutely pure white as the flowers develop.

Primevere  Each $1.00, Three $2.75, Doz. $10.00
Guard petals deep yellow and center petals sulphur-yellow. If not exposed to full sun, flowers remain canary-yellow.

Solange  Each $1.25, Three $3.25, Doz. $12.50
Flowers of compact form, opening slowly and not acquiring full development for several days. Cream-white, deepening toward the center with shades of orange and golden brown. Always a prize winner.

RED DOUBLE PEONIES

Dr. H. Barnaby  Each 75c, Three $2.00, Doz. $7.50
Light purplish crimson flowers of true globular shape, possessing considerable fragrance. Of upright growth, stems strong.

Felix Crousse  Each 50c, Three $1.35, Doz. $5.00
Brilliant crimson of even tone and silky lustre. Numerous blooms of medium to large size. One of the best.

Francois Rousseau  Each 75c, Three $2.00, Doz. $7.50
Rich crimson, with dark silky sheen, lighter toward base of petals, and brightened by the reflection from buried stamens.

Karl Rosenfield  Each 50c, Three $1.35, Doz. $5.00
Of good clear color, excellent form, and reliable blooming habit. Very bright crimson. Excellent garden variety.

Longfellow  Each $1.00, Three $2.75, Doz. $10.00
Popular red Peony of distinct, fadeless color and general dependability. A superb bomb of bright crimson.

Mary Brand  Each $1.00, Three $2.75, Doz. $10.00
Dark, clear crimson with brilliant sheen. Overlapping, crinkled and fringed petals. Always found among prize-winning reds.

Richard Carvel  Each 75c, Three $2.00, Doz. $7.50
The broad guard petals and irregularly incurved high center are bright crimson. One of the best red sorts. Unfading color.

Cut-Flower Collection

The Double Peonies illustrated — all of easiest culture.

4 Large Roots $1.75
TROLLUS - Globeflower

Large buttercup flowers in shades of orange and yellow. Good vigorous growers with long stems suitable for cutting. Hardy, but must have abundant moisture, and suited to damp locations in the garden. Grows in shade or full sunlight. Be sure to water copiously during dry weather. Plant 8 to 12 inches apart.

Lemon Queen Each 40c, Three $1.00, Doz. $3.50
Large globular flowers of pure lemon-yellow produced in May on long, straight 2-foot stems.

Orange Globe Each 40c, Three $1.00, Doz. $3.50
Large bright golden-orange flowers make this the most popular. Flowers profusely in May and continues for a long period.

Ledebouri Each 40c, Three $1.00, Doz. $3.50
Deep orange flowers, not quite as large as the above types, but with a nicely tufted center. In color a very deep orange. Flowers considerably later than other types.

VERONICA - Speedwell

Well-known and widely planted perennials that vary in height from a few inches to several feet. Dwarf varieties are suited for rock gardens where they form clumps and carpets. Taller sorts are suited for the border. Stems and foliage of these are useful for cutting. Give full sunlight.

Blue Spire Each 35c, Three $1.00, Doz. $3.00
A great improvement over the older Spicata, and best all-around variety for the garden and cutting. Grows about 2 feet in height with long true Veronica-blue spikes. Begins to flower in July and continues for a long time.

Incana Each 30c, Three $1.00, Doz. $2.75
Dusty, silver foliated plants growing one foot high, with good sized spikes of blue flowers. Nice in a rockery where the foliage works in well with rocks.

Incana rosea Each 30c, Three $1.00, Doz. $2.75
Very nice to use in connection with the blue Incana, where the contrast of rosy pink flowers makes quite an effect.

L. subsectis Each 40c, Three $1.00, Doz. $3.50
Exceptionally strong growing plants with large spikes of handsome dark blue. Spikes are equal in length to the largest other Veronicas, and twice their size in diameter. Flowers from July to September. 2 feet.

R. Heavenly Blue Each 40c, Three $1.00, Doz. $3.50
Excellent rock garden variety, growing a few inches tall. Numerous bright blue flowers in early June. Will stand light shade.

Spicata Each 35c, Three $1.00, Doz. $3.00
In demand by many persons who admire its spikes of violet-blue flowers, all summer blooming habit. Grows 2 feet tall.

Spicata alba Each 30c, Three $1.00, Doz. $2.75
Pure white form of Spicata and the best white garden variety.

THYMUS - Thyme

Creeping plants for rock gardens, rock walls and banks. Form close-growing mats with fragrant foliage, and bright flowers in June and July. Should have sun and light soil. Spreading in habit and quite persistent when established.

Lansingae Each 30c, Three $1.00, Doz. $2.75
(Woolly Thyme). Half an inch high, spreading in closely set carpet formation over rocks and flagstones, often lying on bare rock a foot or more across. Bright pink flowers.

Serpentlium album Each 30c, Three $1.00, Doz. $2.75
(White Mountain Thyme). Three inches tall, forming dense mats of dark green foliage, with hundreds of tiny white flowers.

Serpentlium coccineum Each 30c, Three $1.00, Doz. $2.75
Similar to White Mountain Thyme with flowers of brilliant crimson-scarlet. One of the brightest colors in hardy rock garden plants.

TRITOMA - Red Hot Poker

An old and very popular plant. Growing about three feet tall with closely clustered, tubular flowers at the tops of the stems making up the "Pokers". Requires heavy protection over the winter, or better still, dig the roots and store in a cool collar. Plant 1 foot apart.

Mt. Etna Each 50c, Three $1.00, Doz. $4.00
Long blooming variety with perfectly enormous spikes of glowing red flowers.

Pilulari Each 25c, Three $0.50
Old-fashioned "Red Hot Poker" and still most popular. In September they carry many spikes of bright orange-red, 3 feet high.

Royal Castle Hybrids Each 35c, Three $1.00, Doz. $3.00
Hybrids abounding in new and interesting colors, ranging from orange to pale yellow. Desired by those who like "Pokers" in bright, but not glaring colors.

Towers of Gold Each 50c, Three $1.25, Doz. $4.00
Bold spikes of deep yellow flowers produced all summer. At its best in August and September when flowers become scarce. Its stately gold color makes it highly desirable.
VIOLAS and VIOLETS

VIOLA CORNUTA - Tufted Pansies

Hardy pansy-like plants that are true perennials. Flower just after pansies and continue during the entire year. Some varieties are extremely prolific, never being without bloom. Be sure to provide good rich soil. While they like good drainage, avoid spots that become dry during the heat of the summer.

**Apricot**
- Each 25c, Three 65c, Doz. $2.50
- A really rich orange-apricot shade, slightly deeper at the center.

**Floraire**
- Each 30c, Three 75c, Doz. $2.75
- A little Swiss variety that begins to bloom in May and continues until hard frost. The upper and major portion of the flower is light blue, the lower section fading to white.

**Golden Yellow**
- Each 25c, Three 65c, Doz. $2.50
- A very free flowering variety, produces rich golden yellow flowers all summer.

**Arkwright Ruby**
- Each 30c, Three 75c, Doz. $2.75
- Very large ruby colored flowers throughout the summer. A most unusual color, seldom found in Violets or other plants.

**Jersey Gem**
- Each 30c, Three 75c, Doz. $2.75
- The best known of the Violas, having pure, rich violet, slightly perfumed flowers. Vigorous, bushy plants with roundish foliage. Flowers continuously.

**King Henry**
- Each 25c, Three 65c, Doz. $2.50
- A new Viola unique in the tiny size of the plants and flowers. Its rich violet-blue flowers have a lavender center, and small golden eye.

**Maggie Mott**
- Each 35c, Three 95c, Doz. $3.00
- Blooms exceedingly freely all summer long. Really large flowers of attractive light lavender-blue. Intensely fragrant.

**White Perfection**
- Each 25c, Three 65c, Doz. $2.50
- Pure white blooms all summer long.

**Mixed**
- Each 25c, Three 65c, Doz. $2.50
- A splendid assortment containing, in addition to the above colors, many others of varied shades and markings.

VIOLA ODORATA - Sweet Violet

Clumps of dark green, heart-shaped leaves, surmounted with sweetly scented violets. Grow in almost any soil, and in either sun or shade. Invaluable plants for shady place plantings.

**Prince of Wales**
- Each 25c, Three 65c, Doz. $2.50
- Rich, deep purple. Sweetly scented with large blooms. Flowers in May and usually again in the cool weeks of the fall. Height 6 inches.

**Rosina**
- Each 35c, Three 95c, Doz. $3.00
- Fragrant, single flowers of pink or old rose. Do not grow as large as Prince of Wales, but usually flowers for a long time in late autumn, as well as in the spring.

Ground Covering Plants

FOR DENSE SHADE

and "DIFFICULT" BANKS

PACHYSANDRA TERMINALIS

For use in the densest shade and under dense tree growth, and will thrive where grasses will not succeed. It is probably the only plant which will thrive under pine trees. Its main uses are under evergreen plantings, shrub plantings, in fact, under any kind of tree that produces a heavy shade. However, many people like the finely cut leaf so much that they use it to border their flower beds; some even use it to cover a steep terrace. Although it is ideal for use in dense shade, it grows equally well in full sunlight, spreads rapidly, and will form solid mats of glossy green. Plant 6 to 8 inches apart.

Field grown plants in strong clumps
- Doz. $2.50, 100 $15.00

VINCA - Myrtle or Periwinkle

One of the best ground cover plants. Will grow in open sunlight, and also in deep shade under shrubs and trees. A carpet of Vinca will grow where grass cannot live, and spread right up to and surround large trees. Grows 6 inches high with light blue flowers in spring. Best planted in clumps, setting the clumps 4 to 6 inches apart. Effect of the Vinca is heightened if Scillas, Daffodils or Mertensias are planted to flower over them in the spring.

**Minor**
- Doz. $1.65, 100 $10.00
- The best variety obtainable for mass planting as ground covers in the shade. Grows about 6 inches high, with light blue, single flowers in spring.

**Minor, Bowles Variety**
- Doz. $1.65, 100 $10.00
- Similar to Minor, but with larger foliage, of most attractive color. Flowers are larger, deeper in color, and borne much more freely.
The varieties we offer are all strong 2 year field grown plants. They have
been tried and found to be best in vigor, color, form, and fragrance. Flower
from June to frost, and will give you many years of great satisfaction.

Roses delight in an extremely rich soil. In fact, it is almost impossible to over-
feed them. Before setting out plants, spade the ground to a depth of one foot,
incorporating a generous quantity of bone meal, mixing it well into the soil.
Space the plants 1½ feet apart each way. Be sure to set the plant so that the
"bud" point, where the cultivated Rose joins the under-stock, is several inches
below the surface. Spread the roots out well. Give each individual plant a full
bucket of water.

Amelia Earhart Each $1.25, Doz. $12.50
Extremely fragrant, great, double blooms of yellow, deeper at
the center, with outer petals tending toward cream. Blooms
stand out well against a background of dark green, polka-dot
foliage. (Patented).

Ami Quinard Each 75¢, Three $2.00, Doz. $7.50
Blockish moro buds opening into flowers of rich velvety red.
Quite fragrant. Strong upright grower and fine producer. One
of the most reliable of the dark red Roses.

Autumn Each 75¢, Three $2.00, Doz. $7.50
Striking burnt orange buds of perfect form. Cupped, double, fragrant flow-
ers that open into a rainbow of colors; red, orange, yellow and pink. One
of the best.

Betty Uprichard Each 75¢, Three $2.00, Doz. $7.50
One of those delightfully contrasting types. Delicate salmon-pink flowers,
with a coppery carmine reverse. The fragrance is quite pronounced, and
remarkably like that of Verbenas.

Briarcliff Each 75¢, Three $2.00, Doz. $7.50
Still the favorite among greenhouse growers for cut flowers, and the variety
you will almost involuntarily receive if you buy pink Roses. Equally good in
the garden, though of course, flowers are not as large as those produced
under ideal greenhouse conditions. Large, pointed buds and flowers of brill-
liant rose-pink. Fragrant and long lasting.

Caledonia Each 75¢, Three $2.00, Doz. $7.50
Continuous and free-blooming, this is one of the best pure
white Roses. Blooms are mildly fragrant and very double,
carried on long, strong stems.

Charles K. Douglas Each 75¢, Three $2.00, Doz. $7.50
A new variety with large, semi-double blooms of vivid scarlet,
with petals of velvety texture. Of good garden habit, growing
strongly upright, with dark green foliage. Has a delicious old rose scent.

Claudius Pernet Each 75¢, Three $2.00, Doz. $7.50
Ever since this was introduced from France years ago, it has been one of
our best yellow Roses. If it was reintroduced today it would compare with
any Rose on the market. Rich sunflower-yellow blooms of good size and
form, with deep green foliage, remarkable for its glass.

Condesa de Sastago Each 75¢, Three $2.00, Doz. $7.50
A splendid double Rose of most vivid coloring. Cupped flowers of fiery
copper inside, and rich gold on the reverse. Enticing spicy fragrance. A strik-
ing flower, and most popular.

Countess Vandal Each $1.00, Doz. $10.00
A striking combination of brilliant pink and salmon. The center of the flow-
ers is deep pink, and the outer petals contrasting salmon. Blooms are large,
double and of fine cut-flower quality. Has received notable awards for
both quality of bloom, and freeness of flowering. (Patented).

Crimson Glory Each $1.25, Doz. $12.50
Without question, the finest dark crimson Rose. Blooms are large, spread
wide, and made up of heavy velvety petals. Fragrance is intense and
pleasing. Plants are quite bushy and branch well to give a wealth of flowers.
(Patented).

Dame Edith Helen Each 75¢, Three $2.00, Doz. $7.50
Long, shapely flowers of clear pink throughout, sweetly scented and
produced on strong, long stems. A favorite garden variety yielding excellent
cut flowers of pink, unmarked by any other color.

Dickson’s Red Each $1.00, Doz. $10.00
Glorious dark crimson, long buds, opening slowly into large double flowers
of great beauty. One of the finest of the new Irish roses. (Patented.)

Duquesa de Penaranda Each $1.00, Three $2.75, Doz. $10.00
Unusual among Roses in that the color varies with the season.
During early blooming in June, flowers are a blending of
orange and pink, suffused with copper. In the fall the color
tends strongly to a bright peach tone. Sweetly perfumed.
Edith Nellie Perkins Each 75c, Three $2.00, Doz. $7.50
Lovely two-toned variety of outstanding merit, vigorous growth, and free-blooming habit. Fully double flowers of good size that are fragrant and long lasting. Gold and orange, with inside of petals salmon-pink.

E. G. Hill Each 75c, Three $2.00, Doz. $7.50
A standard red variety. Immense, dazzling red flowers, shading to darker crimson. Flowers are large, double and fragrant. Vigorous grower and free-flowering.

Étoile de Hollande Each 75c, Three $2.00, Doz. $7.50
Brilliant crimson flowers with velvety finish and especially fine fragrance. In the half-open state it is probably the finest red Rose in the world. An exceptionally vigorous grower, with unusually large foliage.

Golden Dawn Each 75c, Three $2.00, Doz. $7.50
Probably the best yellow garden Rose. Yellow buds, marked with crimson open into full clear yellow blooms. Is a compact grower giving an immense crop of flowers all season long. One of the most free blooming of yellow Roses.

Heinrich Goedde Each 75c, Three $2.00, Doz. $7.50
Maroon buds form into blooms of reddish copper with an orange flush over all, with the reverse of the petals deep golden orange. Very fragrant flowers on upright plants.

Heinrich Wendland Each 75c, Three $2.00, Doz. $7.50
A rose that is different in color. Long, pointed nasturtium-red buds, opening to large, double fragrant orange-yellow flowers, flushed nasturtium-red. One of the most brilliant Hybrid Tea Roses.

Joanna Hill Each 75c, Three $2.00, Doz. $7.50
A splendid Rose for bath garden and cutting. Full, double flowers of clear light yellow, with orange-yellow heart. The flowers are carried on long stems, and last for days when cut.

Killarney Double White Each 75c, Three $2.00, Doz. $7.50
Killarney Roses are known the world over, and this is the finest of the pure white varieties. Blooms as white as snow and sweetly scented.

Margaret McGredy Each 75c, Three $2.00, Doz. $7.50
Cup-shaped blooms of orange-scarlet, base yellow, and most beautifully formed. A fragrant Rose that is quite prolific, flowering all season long.

McGredy’s Scarlet Each 75c, Three $2.00, Doz. $7.50
Full, fragrant, flowers of vivid rose-red, with blazing scarlet sheen, having a trace of orange-yellow at the base of the petals. Color will vary somewhat with changing weather conditions.

Miss Rowena Thom Each 75c, Three $2.00, Doz. $7.50
A splendid deep pink that tends to fiery rose and mauve. Both buds and flowers are of huge size, and carried on long stems. A profuse continuous bloomer, and a very vigorous plant.

Mme. Joseph Perraud Each $1.00, Three $2.75, Doz. $10.00
While not quite a clear yellow, this is by far the sturdiest, most reliable, and best variety in that class. Flowers are of yellowish buff, tending toward pink at the edges. Absolutely ideal in form, with stiff stems, perfect for cutting. At its best in the cool days of fall.

Mme. Jules Bouche Each 75c, Three $2.00, Doz. $7.50
Perfectly formed, long pointed buds and high-centered flowers of pure white, with a slight pink tint in the center when the flowers first open. Moderately fragrant. Healthy plants, always in bloom. Considered by many to be the finest white Rose.

Mrs. E. P. Thom Each 75c, Three $2.00, Doz. $7.50
Pure, double fragrant flowers of bright canary-yellow, somewhat deeper in the center. The slender-shaped buds open into large, well-shaped blooms.

6 Plants $3.50
A GARDEN OF EVERBLOOMING ROSES

Mrs. Henry Morse Each 75c, Three $2.00, Doz. $7.50
Old, popular variety with large, globular flowers of contrasting tones of pink, with an underlying yellow glow. Fragrant and hardy.

Mrs. Pierre S. DuPont Each 75c, Three $2.00, Doz. $7.50
A yellow Rose which blooms all the time and supplies good flowers. Nicely formed buds and double flowers of rich red-gold, almost orange in the depths. Plants are bushy with attractive glossy foliage.

Pink Dawn Each 75c, Three $2.00, Doz. $7.50
One of the best of modern pink Roses. Fine deep rose-pink, opening to lively pink with an orange base. Sweetly fragrant, fully double, and of vigorous upright habit.

President Herbert Hoover Each 75c, Three $2.00, Doz. $7.50
A sturdy garden Rose we cannot recommend too highly. Upright grower, reaching a height of three feet or more, with long straight stems. Flowers are a charming combination of cerise-pink, flame, scarlet and yellow. Very fragrant and free-flowering.

President Plumcopp Each 75c, Three $2.00, Doz. $7.50
Coppery yellow, suffused with buff and lightened with salmon. A good cutting variety that is quite a departure from self-colored kinds.

Radiance Each 75c, Three $2.00, Doz. $7.50
The standard pink Rose of today, and one that never fails. Large globular flowers of two-toned pink, light silvery rose inside and deeper outside. The plants are unusually robust in growth, comparing favorably with Hybrid Perpetuals in their canes and rugged constitution.

Red Radiance Each 75c, Three $2.00, Doz. $7.50
Exactly like Radiance, except in color, which is a clear rich red.

Roslyn Each 75c, Three $2.00, Doz. $7.50
Large golden yellow flowers with orange splashing on back of petals. Slightly fragrant and a vigorous grower.

Rouge Mallerin Each 75c, Three $2.00, Doz. $7.50
Painted buds of brilliant red open to 3½-inch blooms of glowing scarlet. Petals are of rich, velvety texture, making up good full flowers, possessing rare fragrance.

Souv. de Mme. C. Chambard Each 75c, Three $2.00, Doz. $7.50
 Quite popular with people liking red tones, without the glare and brilliance of true scarlets and crimsons. In color a rich coral, with the outer petals rich rose-red, and the inner petals deep rose-pink with golden glow at the base.

Talisman Each 75c, Three $2.00, Doz. $7.50
The standard by which all combination gold and red Roses are judged. Brilliant red and gold buds, opening to well shaped blooms of scarlet-orange and rich yellow. One of the most popular varieties for cutting.

Temno Each 75c, Three $2.00, Doz. $7.50
Good reliable dark Roses are rare. Temno is not a true black, but is very close to it, with rich deep velvety maroon blooms in great quantity. The largest of all the darker Roses. Very fragrant.

Texas Centennial Each 85c, Doz. $8.50
(Plant Pat. No. 162.) A sport of President Herbert Hoover, having the same splendid growing habit and fine cut flowers. Cerise-red, somewhat deeper in the center. Especially fine in the fall.

Standard or Tree Roses

When properly grown no specimen garden plant makes quite the appearance, or has the appeal, of Tree Roses. May be planted in the center of Rose beds, for special effects, along driveways, in the formal garden, or set as specimens in lawns. In any location they are most striking, blooming all summer long, from June to frost. Our plants are especially sturdy stock, with heavy straight stems about 3½ feet in height.

Stems are quite supple, so that in the late autumn they can be bent to the ground and the heads of the plants buried for protection. Or, they can be dug right out and buried in a prepared trench. Some people have had good success by wrapping corn stalks about the stems, and covering the heads with light burlap and a basket.

Étoile de Hollande Each $3.50
Long buds of perfect form, with full, double flowers of bright dazzling red.

Mme. Jules Bouche Each $3.50
Large white double flowers, sweetly scented.

Mrs. E. P. Thom Each $3.50
Slender yellow buds and large, well-shaped blooms of bright canary-yellow.

Pres. Herbert Hoover Each $3.50
Charming combination of cerise-pink, flame, scarlet and yellow.

Collection of 4 Varieties: $12.50

TREE ROSE, MRS. E. P. THOM
Climbing Roses

These require no pruning in the spring except the cutting out of very old or dead wood, and the shortening of the laterals and long canes to make the growth conform to the space to be covered, but prune severely in July, directly after they have finished blooming.

Climbing American Beauty Each 75c, Three $2.00, Dz. $7.50 Strong growing variety, with large sized flowers of pleasing rose-pink. Grows to a height of 10 to 12 feet.

Dorothy Perkins Each 75c, Three $2.00, Dz. $7.50 An old favorite that still cannot be beaten. A real rambler Rose that will climb over walls, trellises and fences, carrying in June just hundreds of tight flowers of pleasing soft shell-pink.

Dr. W. Van Fleet Each 75c, Three $2.00, Dz. $7.50 Buds of rich flesh-pink open into flowers of just slightly lighter color, an stems that run 12 to 18 inches long. One of the few free-blooming Climbing Roses that may be used for cutting.

Mercedes Gallard Each 75c, Three $2.00, Dz. $7.50 Large blooms of splendid form. Bright cerise-red in color. Possesses a most notable fragrance for a Climbing Rose.

Mme. Gregoire Staechelin Each 60c, Three $2.25, Dz. $8.00 While not quite a pure pink, Mme. Gregoire Staechelin is one of the finest varieties in that general color. Carmine buds open into large flowers of iridescent pearl-pink, splashed with carmine. A well established plant in full bloom is a sight to behold.

New Dawn Each $1.50, Dz. $15.00 (Plant Pat. No. 1.) An everblooming form of Dr. W. Van Fleet and identical in every way with that variety. We can heartily recommend it as the best and most reliable of the really hardy everblooming Climbing Roses.

Paul's Scarlet Climber Each 75c, Three $2.00, Dz. $7.50 We offer this as the most satisfactory Red Climbing Rose today. Heavy, vigorous grower with enormous clusters of vivid scarlet flowers that do not fade.

Primrose Each 75c, Three $2.00, Dz. $7.50 Yellow is always a difficult color to secure in Climbing Roses. Primrose, with its large, double, canary-yellow flowers, we consider one of the best. Quite free-blooming, with large handsome foliage.

Roserie Each 75c, Three $2.00, Dz. $7.50 An improved form of an old favorite called Tausendschon or Thousand Flowers. It is hard to believe how the canes can support the huge trusses of attractive pink flowers, that are packed and crowded together.

Silver Moon Each 75c, Three $2.00, Dz. $7.50 Beautiful silvery white flowers. single or semi-double that measure as much as 4 inches across. The pure white of the blooms is set off by bright golden anthers, giving the flowers much the appearance of huge Clematis blooms.

Floribunda or Polyantha Roses

Free-blooming Roses, with either single or double flowers, growing from 12 inches to 3 feet in height. They are extremely free-blooming, being almost never without flowers from June to frost. The low, spreading types are excellent for beds and borders, while the erect sorts combine well with Hybrid Tea plantings.

Cameo Each 75c, Three $2.00, Dz. $7.50 One of the finest varieties of Dwarf Polyanthas, growing to a height of 18 inches. Excellent for edging beds, walks and for mass effects. Its color is most unique, cameo-orange-red, varying with the season to cameo-pink overlaid with a glow of gold. Extremely free-flowering, and constantly in bloom from June to frost.

Cecile Brunner Each 75c, Three $2.00, Dz. $7.50 (Sweetheart Rose.) An old beloved favorite, growing 12 to 18 inches high, with masses of dainty small double flowers, ranging in color from light ivory-white to soft rose pink. Blooms are moderately fragrant and arranged in graceful sprays.

Chatillon Each 75c, Three $2.00, Dz. $7.50 Enormous heads of semi-double flowers. Color is a vivid light salmon-pink, standing out well in the garden. Varies in height from 18 to 24 inches.

Degmar Spath Each 90c, Three $2.50, Dz. $9.00 Grows 18 to 24 inches high with large heads of pure white double flowers all summer long. Identical in habit to Lafayette, of which it is a sport.

Elise Poulsen Each $1.00, Three $2.75, Dz. $10.00 Tall growing variety, reaching a height of 30 to 36 inches. Flowers are open and semi-double in a most attractive shade of bright rose-pink. Plants are erect in habit, with the flowers held on strong stems.

Joyous Each $1.00, Dz. $10.00 (Plant Pat. Applied For.) A double row of petals, of such open informal formation that they give the appearance of single flowers with unusual body. Color when the flowers first open is rich rose-red, changing as they age to deep shining pink. Height about 2 feet.

Lafayette Each 75c, Three $2.00, Dz. $7.50 Medium sized semi-double blooms of bright cherry-crimson. Semi-dwarf in habit, growing 12 to 18 inches in height. Plants are full and bushy, blooming throughout the season.

Mrs. R. M. Finch Each 75c, Three $2.00, Dz. $7.50 Large flowers, fully 2 inches in diameter, of soft pearly pink. Flowers are full and double, carried in heavy clusters. Height 18 to 24 inches.

Summer Snow (Plant Pat. Applied For.) Indeed fittingly named. Were it not for summer breezes one would think a bed of Summer Snow to be just that. Great clusters of clean, white double flowers of soft tone borne in billowy masses.
FLOWER SEEDS from Flowerfield

In browsing through catalogs, one is oft-times at a loss to know which flowers to actually select. There are so many kinds offered, all appealingly described, and no doubt, all very nice. Some, however, must be better than others, but which ones are they?

Flowerfield, in offering a carefully selected list of Annual Flowers, has tried to present only those that are the best. Best not only in the kind of flowers to grow, but the finest strain of each flower. We have chosen each individual variety with experienced judgment, and strictly on comparative merits. Only the best is offered because we feel you will want only the best.

FRESH FROM THE FIELDS OF AMERICA'S MOST EXPERT GROWERS

After choosing those flowers we want to grow, we must then purchase seed from sources that are reliable. At Flowerfield the necessity for meeting the lowest price is subordinate to first giving quality seed. As many a gardener has learned, no seed, no matter what its reputation, is worth anything unless it “comes up.” So you must plant fresh seed, harvested during favorable weather, properly cleaned, tested for germination, and then delivered to you “raring to go.”

Flowerfield seed is grown in the most favorable spots in our country for producing seed of strong vitality, where at harvest time, sunny weather prevails. Such seed must be grown so that there are no mixtures, either by chance cross pollination, or by mechanical error, and with every weak plant ruthlessly destroyed, so that you will buy only the best.

FLOWERDOM'S LATEST STYLES, including
All-America Selections for 1942

The "All-America Selections" awards are given each year to the most outstanding of the new introductions in vegetables and flowers. The noteworthy developments of present-day strains have been encouraged by these trials. Judges look for distinctiveness of form, color, plant strength, and productivity. These desirable traits make gardening more gratifying.

MARIGOLD

Butter Ball Pkt. 25c
Butter Ball is an exquisite little jewel which bears dozens of flowers of a lovely butter-yellow shade. Of the Harmony strain, the dwarf plants are compact in habit, about 8 inches high, and literally covered with blooms 2 inches across. Early blooming. Would combine beautifully with Nierembergia far a border.

Yellowstone Pkt. 25c
Bright, clear yellow Chrysanthemum-shaped flowers, forming almost perfect balls. A new color in the Mission Giant strain, forming luxurious large plants, growing up to 3 feet. A most welcome addition because of its clear, true color. Blooms until frost. Excellent for cutting.

MORNING GLORIES

Hundreds of trumpet-shaped flowers in beautiful colors cover this climbing vine from June to frost. Succeeds in any soil and location, climbing up to 20 feet. There is no finer way to relieve a drab fence, or to brighten a hedge, than to let these new Morning Glories ramble over them.

Pearly Gates Pkt. 25c
Big satiny white blooms with creamy shading. Flowers measure 4½ inches. This gorgeous Morning Glory is ideal in growth with luxuriant foliage and bloom. Growing to 12 feet, it is a curtain of beauty trained on a trellis. Will thrive in any soil, and tolerate part shade.

TWO LOYAL COMPANIONS TO PEARLY GATES

Heavenly Blue Pkt. 15c
Huge sky-blue blossoms with wide-open throats of creamy white. The best known and most popular Morning Glory today. Extremely early.

Cornell Pkt. 15c
(New.) Large two-colored flowers of Cornell-red, bordered white. Of heavy, sturdy growth with attractive foliage.

ANOTHER FINE MORNING GLORY

Scarlett O'Hara Pkt. 15c
Very well liked, and winner of All-America Gold Medal. Bright rosy red with broad veins radiating from the throat. Color is carried well down the throat, which at the base, is pure white.

MORNING GLORIES

GO PATRIOTIC

On trellis or wall this summer a combination of these three will be a living banner of American freedom.

Red. Cornell.
Blue. Heavenly Blue.

All 3 for 50c

MORNING GLORY, PEARLY GATES
ZINNIA

Royal Purple  Pkt. 25c
Probably the richest royal purple tone yet developed in Dahlia-Flowered Zinnias. Flowers are 4 inches across, fully double, and carried on plants growing about 3 feet high. Its strikingly rich color is beautiful, whether planted alone or combined with other colors.

PHLOX GIGANTEA

Red Glory  Pkt. 25c
A wonderful color in this Gigantea strain, and similar in form to Rosy Morn, an All-America Selection Winner in 1941. Probably no Phlox, annual or perennial, has quite so vivid a color, and one that will persist all summer. Richest bright red, with contrasting white eye. Individual florets are huge, measuring 1 1/2 to 1 3/4 inches across. Height about 10 inches.

NIEREMBERGIA

Purple Robe  Pkt. 25c
Deep violet-purple that maintains its color even in hottest sun. Of neat habit, growing 6 inches tall, making nice spreading plant for edgings. This is really a half-hardy perennial, persisting over the winter in the deep South, but best treated as an annual elsewhere. Comes into bloom 15 weeks from sowing, and will continue to bloom until killed by hard frost.

CLEOME

Pink Queen  Pkt. 25c
This beautiful Spider Plant grows from Maine to Florida. It is never out of bloom. A tall and attractive border plant that is free from insects and disease. With huge heads of delightful and refreshing pink without a trace of blue or magenta, Pink Queen reaches over 4 feet. Airy foliage with blooms from June until frost.

Favorite Cosmos

Beautiful summer and fall blooming plants, decorative in the garden and wonderful for cutting. One of the easiest to grow, succeeding best in a well-drained soil and a sunny location.

Yellow Flare  Pkt. 25c
Blooms are truly of enormous size, and of a clear golden yellow never before seen in Cosmos. This delightful new tone is especially welcome as it gives us a fine bright color suitable for cutting. Stems are long and wavy. Similar in form to Orange Flame, and like that variety well suited to background planting. Height 4 feet.

Peerless Pink Lady  Pkt. 35c
A lovely new variety and the first separate color of the famous Double Crested Sensation strain of Cosmos. Flowers will average 3 inches across, and are of lovely soft pink, with crested centers somewhat lighter. Outer petals are prettily fluted and somewhat overlapping. Plants grow over 3 feet tall, and carry a multitude of gorgeous blooms for cutting.

Orange Flare  Pkt. 15c
Well-branched plants, 3 feet tall, with showy orange flowers on long stems, fine for cutting. Very popular in northern states because of its early and free bloom, erect, requiring no staking.

Double Crested Sensation Mixed  Pkt. 25c
Large, fully double flowers, 4 to 6 inches across in tones of white, pink and crimson. Flowers are very freely produced, on long stems excellent for cutting.

Single Sensation Mixed  Pkt. 15c
Giant flowers of pink, white and crimson, 4 to 6 inches across, on bushy strong plants growing 4 to 6 feet tall. Even larger flowers may be obtained by disbudding the plants. Remarkably quick growing, bearing flowers 10 weeks after seed, and continuing right to hard frost.
AGERATUM
Adapted to either full sun or part shade. Plants bloom through the entire summer. Unexcelled as an edging plant.

Blue Ball  Pkt. 15c, 1/4 oz. 50c
Deep periwinkle-blue flowers of feathery texture, clustered together to form a ball-like head on mounded plants 6 to 8 inches tall, and 12 inches across.

Fairy Pink  Pkt. 25c
A pale rose-colored variety from Mexico. The flower clusters are freely produced on plants 5 inches high. Compact habit. Exquisite with pastel petunias.

Midget Blue  Pkt. 20c
A, A, S. 1940. Silver medal winner. Dwarf plants 4 inches high with a spread of 15 inches. The tiny violet-blue flowers almost hide the foliage during the blooming period. Use it next to deep blue pansies in a mixed ribbon border, in front of marginals.

ALYSSUM - Sweet Alyssum
Easily grown, free-flowering plants popular for use in beds, borders, edgings, rock gardens, and window boxes. In bloom all during summer months and fall. Delicately fragrant.

Carpet of Snow  Pkt. 15c, 1/4 oz. 40c, oz. 81.15
Pure white flowers fairly cover the foliage of the dwarf plants, that seldom grow over 5 inches in height. Perfect as an edging and can also be used as a ground cover.

Little Gem  Pkt. 15c, 1/4 oz. 35c, oz. 81.00
Pure white, growing 4 inches high, but compact in habit. Ideal for use as a ribbon border and where a neat edge is desired.

Violet Queen  Pkt. 20c, 1/4 oz. 60c
Deep blue-violet, dwarf, sweetly scented. A completely new variety, free-flowering and unusual in color. It creates a wonderful effect as a border for white bedding petunias.

RUST-RESISTANT ANTIRRHINUMS (Snapdragons)
Bloom all summer until frost. Lovely plants with glassy, clean foliage above which the flower spikes hold their heads with proud beauty. Tolerant of full sun or part shade. Excellent for cutting.

SUPER GIANTS—3 feet tall
Alaska  Pkt. 20c
Handsome, pure white blooms well displayed on large attractive spikes. The best tall white Snapdragon. Try it in a blue and white border.

Apple Blossom  Pkt. 20c
Delicate rose-pink with a blotch of yellow on the lip. Enchanting color for cutting and flower arrangements.

Indian Summer  Pkt. 20c
Autumnal colors of coppery orange with scarlet blotch. Effective note in the mixed border.

Red Cross  Pkt. 20c
Interesting variety, dark red florets with a pure white tube. Commands attention because of vivid color contrast.

CANDYTUFT
Abundant blooming plants for edging rockeries or beds. Compact in habit, growing 1 foot high, quite showy and desirable.

Giant Hyacinth Flwrs. Pkt. 15c, 1/4 oz. 50c
Large, white flowers resembling hyacinth spikes, often measuring 7 inches long.

The Gem (Miniature) Pkt. 15c, 1/4 oz. 50c
Plants about 3 inches high, smothered with snow-white flowers. An excellent plant for the rockeries and edging.

Mixed Umbellata Pkt. 15c, 1/4 oz. 35c
Mixed pastel shades, including white, together with brighter tones of corrine, crimson and deep pink.

CATALOGUES
TheseCatalouges will provide hundreds of flowers for your garden and for home decoration. Many fascinating and brilliant colors of yellow, ruby and orange; maroon, mahogany and gold. Ideal for edgings and rockeries. Height 9 to 12 inches.

FOR EARLIEST BLOOM
All annuals will flower from seed planted in the open ground when the weather is warm. However, many annuals will flower much earlier by planting indoors, or in a hothed or cold frame.

Use a shallow receptacle or flat having holes for drainage, filled with an equal mixture of good garden soil and clean sand. The seed should be sown on the surface and lightly covered with sandy soil. Do not cover very fine seed, just press lightly into the soil. Keep soil moist but not wet. Use only a fine spray on wet newspapers laid over the top. As soon as seed sprout, remove the covering and place in a light and warm location.

Transplant 2 inches apart after seedlings have made their second leaves. Plant outside in the garden when the ground is warm.
EVEN OUR Packets
HELP IN
"Easy Gardening"

If you are one of the fortunate many who bought Flower Seeds from Flowerfield last year, you need no introduction to the helpful features of our PATENTED PACKETS. To help in planning your garden, each is approximately the color of the flowers its seeds will produce and each bears a sturdy wooden stake PERMANENTLY PRINTED with the name of the variety. What a help in keeping track of the delicate seedlings that look so much alike!

CALENDULAS
Large-flowered annuals, superb for cutting. Bloom from July to hard frost on stems 1/2 to 18 inches in height. Flowers 3 to 4 in. across, are either fully double or with extra petals and showing open attractive centers. All shades of yellow and orange, from light straw color to deepest orange tones.

Colossal
Pkt. 20c
Immense bright yellow flowers, 41/2 inches and more across. Very profuse in bloom. Petals are long, loose, and gracefully curved. Bushy plants 11/2 feet high.

Orange King
Pkt. 15c
Brilliant orange flowers with open centers. Blooms are large and flat, or formal formation, carried on sturdy stems excellent for cutting. A favorite florists' variety.

Lemon Queen
Pkt. 15c
Large deep lemon-yellow flowers with the same excellent cut-flower qualities as Orange King, and widely grown in conjunction with that variety.

Orange Sunshine
Pkt. 15c
Counterpart of Sunshine with bright orange flowers instead of yellow.

Sunshine (Chrysanth) Pkt. 15c
Canary-yellow blooms with wide and long petals gracefully curled in the same manner as some chrysanthemums. Splendid for cutting.

Orange Fantasy
Pkt. 20c

Orange Shaggy
Pkt. 15c
Has the appearance of a shaggy chrysanthemum. Petals are long and deeply fringed. Deep orange shadings, lighter toward the center.

Art Shades
Pkt. 20c
Many fine colors which up to the present have not been obtainable in Calendulas. Colors range from white to cream, and buff to yellow and deep maroon.

CELOSIA - Cockscomb
Gorgeous, showy plants of brilliantly colored and yellow comb or plumes. Most effective when used in beds or borders. Often combined with canna.

Pride of Castle Gould
Pkt. 25c
The very finest strain of these wonderful plume Celosias in existence. All tints and tones of yellow, scarlet, crimson and orange. 24 inches.

Glasgow Prize
Pkt. 15c
Compact plants, growing 12 inches high, with tight clusters of dark crimson flowers, resembling a rooster's comb, contrasting with green foliage.

CARNATIONS
Chaubaud's Improved Giants
Pkt. 15c
Large and beautifully formed flowers, many of them elegantly fringed and in some instances as large as our best green-carpet Carnations. They bloom in three months from seed and continue blooming until frost. Mixed colors of crimson, white and pink.

DAHLLIAS FROM SEED
Very easy to grow and ideal for beds or cutting. The flowers are 2 to 3 inches across and grow on compact plants. No staking required.

Unwin's Dwarf Hybrids
Pkt. 25c
Mixture of beautiful double and semi-double flowers on plants 11/2 to 2 feet tall, with a wide range of colors.

DIANTHUS - Annual Pinks
Brilliantly colored flowers for beds, borders, rock gardens and cutting. The dwarf bushy plants grow 9 to 12 inches tall and produce flowers of different forms from July until frost. Delicately fragrant.

Lacinatus Splendens
Pkt. 15c, 1/4 oz. 35c
Bright crimson with white eye and border. Blooms are single, 2 inches across, and have finely cut edges.

Double fringed and laciniated carnation-like flowers in a wide range of colors, many with contrasting edges.

CORNFLOWER
A perfected strain of this popular flower. Fully double, with long stems ideal for cutting. Plants grow 2 feet high. Bloom all summer and fall.

Blue Boy
Pkt. 15c
The true cornflower blue that is so well liked.

Black Boy
Pkt. 15c
A dark maroon-red, nice for buttonholes and mixed bouquets.

Snow Man
Pkt. 15c
Pure glistening white flowers of dainty form.

Jubilee Gem, Dwarf
Pkt. 15c, 1/2 oz. 85c
Compact plants covered with double dark blue flowers. Grows 12 inches high and is a lovely border plant.
Wilt-Resistant Asters

Asters are magnificent cut flowers, as well as lovely border subjects. While most easily grown, they prefer a rich, well-drained soil and plenty of sunshine. It is well to plant in new soil each year. Flower-field offers only wilt-resistant strains.

EARLY GIANT ASTERS

The finest early large-flowered, heavy stemmed wilt-resistant Aster. Flowers large and full, composed of long fluffy petals that curl over, bloom in mid-August, growing to a height of 1 to 1½ feet.

Dawn Blue Pkt. 25c
A pastel shade of definite character, best described as light lavender with a bluish cast.

Rose Marie Pkt. 25c
Beautiful flowers of full rich rose color, desirable to use with other color arrangement. Typical habit of this Early Giant class.

SUPER GIANT ASTERS

Somewhat later in blooming than the Early Giant, this magnificent new introduction is the largest of all. Flowers from 6 to 8 inches across, made up of long curled fluffy petals, creating flowers that rival Giant Chrysanthemums in beauty. Plants are 2½ feet tall.

El Monte Pkt. 25c
Deep glowing crimson throughout. A wonderful color in this large flowered Super Giant class. Flowers are borne on unusually strong stems that rise right from the base of the plants without branching.

Los Angeles Pkt. 25c
The huge size of the flowers is made even more striking by the color, which is pure shell-pink. No disbudding is necessary to secure these wonderful flowers.

PRINCESS ASTERS

A delight to the home gardener who wants a good cut flower for the house that will keep well. Flowers are 3 to 3½ inches across and have full crested centers, surrounded by strong guard petals. Grow 18 inches to 24 inches tall, and bloom in mid-August.

Princess Bonnie Pkt. 25c
A very beautiful soft salmon-rose shade with the center rich gold while opening. A luscious new color combination in Asters.

Princess Anne Pkt. 25c
The color of a peach blossom, opening a delicate pink and turning rose-pink as the flowers mature.

AMERICAN BEAUTY ASTERS

Begin to bloom in early September with prettily incurved broad petals, making up full, globular flowers 4 inches across. Noted for long stems that make them one of the best sources of good fall flowers. Branching in habit, growing 2 to 2½ feet.

Azure Fairy, Azure-blue.
Black Prince, Deep marine-violet.
Deep Rose, Purest rose-pink.
September Beauty, Clear shell-pink.
White, Purest white.
American Beauty Mixed. All colors.

Any of above: Pkt. 15c, ½ oz. 40c, ¼ oz. 70c
Collection of 5 colors, 80c.

IMPROVED AMERICAN BRANCHING ASTERS

From late August until frost. Their branching habit produces many stems and innumerable cut flowers 3½ to 4 inches across. Petals rather straight and broad, making up flowers somewhat flat, with tight, full centers. A dazzling blaze of color when left untouched.

Azure Blue
Dark lavender-blue.
Sensation
Dazzling scarlet.

Peerless Pink
Delicate shell-pink.

Purple
Mixed

All colors.
Pkt. 15c, ½ oz. 40c, ¼ oz. 70c
Collection of 5 colors, 80c.

GIANT CALIFORNIA SUNSHINE

Mixed Colors
Pkt. 25c
A fascinating Aster type. The large daisy-like flowers, 4 to 5 inches across, are composed of a single row of long narrow petals surrounding a small yellow quill-like disc. Branching plants are 2½ feet tall with strong stems, fine for cutting. Bloom in midseason. We offer a fine blend of pastel shades.

ANTIRRHINUM, AMBER and GOLD

Low-Growing Snapdragons

18 INCHES TALL. VERY FREE-FLOWERING IDEAL FOR BEDS AND EDGINGS

Amber and Gold
Pkt. 25c
Buds appear as a soft rose-pink, but as the spikes open to full bloom they show florets with full golden yellow lips, and hoods of golden amber. Throat is soft rose-pink, serving to enlighten the deep amber tones.

Du Barry
Pkt. 25c
Similar in habit to Amber and Gold, Du Barry is a flaming salmon-red of self shading except for a golden yellow spot on the lower lip.

Ruby
Pkt. 20c
Bright velvety carmine-crimson color. Its brilliant tone makes it most desirable to achieve sharp color contrasts.

Dwarf Giant Mixed
Pkt. 20c
A wonderful mixture of all colors in this strain of large flowering dwarf Snapdragons.

For other Antirrhinums, see page 48.
Marigolds

Marigolds thrive with a minimum of care. Plant the taller sorts like Sunset Giants and Yellow Supreme in the background. Then group the Mission Giants in front and use the Harmony types for borders. Give them a location in full sun and they will reward you with an abundance of bloom.

TALL GROWING MARIGOLDS

MISSION GIANTS

A new personality in Marigolds. The Chrysanthemum-shaped flowers are fully double and form almost a perfect ball. Plants 2 to 4 feet high.

Goldsmith

All-America Selection, 1941. Golden orange blooms 2 to 3 inches across. Plants are strong and bushy, base branching, with many excellent blooms. Height, 3 feet.

Yellowstone

Pkt. 25c

(See Page 46.)

Mission Giants Mixed

Pkt. 25c

The colors in this mixture are many and varied, ranging from deep, medium and golden orange to bright lemon-yellow.

CARNATION-FLOWERED MARIGOLDS

Guinea Gold

Pkt. 15c

Selected strain. Beautiful shade of deep orange, flushed with gold. Odorless foliage, and stems 21/2 to 3 feet tall, make them fine for cutting.

Yellow Supreme

Pkt. 15c

Practically odorless foliage, with large, rich lemon-yellow flowers that are 100 per cent double. Blooms are quite fragrant, with stems 21/2 feet long.

Butter Ball

Pkt. 25c

(See page 46.)

Harmony Hybrids

Pkt. 20c

Wide and varied range of striking color combinations. Scabiosa type flowers with crested center, and wavy guard petals. Fully double flowers 2 inches across, on plants 1 foot high.

Scarlet Glow

Pkt. 25c

Opening brilliant scarlet, turning to rich tangerine, as they age. Fully double flowers, two inches across, on plants 10 inches high, with a spread of 18 inches. All-America Selection, 1941.

CHRYSANTHEMUM FLOWERED

American Beauty

Pkt. 15c

New incurved Chrysanthemum - flowered type, with fully double blooms on plants 3 feet high. Range from palest primrose to deep rich orange. Bloom in 16 weeks.

CROWN OF GOLD VARIETIES

Crown of Gold

Pkt. 15c

Cinquefoil blooms of deep golden orange, sweeetly scented. Stems and foliage have almost no odor. Grow 2 feet tall.

Yellow Crown

Pkt. 15c

Bright canary-yellow flowers with a deep center and broad graceful guard petals, measuring 21/2 inches across. Height, 2 feet.

SUNSET GIANTS

Mixed Colors

Pkt. 15c

A new, sweet-scented, large double-flowered type. Flowers 4 to 5 inches across, ranging from lemon-yellow to orange. 4 feet tall.

TALL FRENCH SINGLE

Flaming Fire

Pkt. 15c

Unique 8-petaled single flowers 2 inches across. Plants 2 feet tall. They are a full 4 inches across, with blooms 2 inches tall.

DWARF GROWING MARIGOLDS

DWARF FRENCH DOUBLE

SUNSET GIANTS

Spry

Pkt. 20c

The cutest little compact plants you have ever seen, growing only 9 inches high, and spreading 15 inches tall. Flowers 11/2 to 3 inches across, almost completely covering the plants. Center crest is bright, clear yellow, and guard petals mahogany-red. All-America Silver Medal, 1941.

Early Royal Scot

Pkt. 15c

Lovely Dwarf French Double Marigold, with flowers made up of rich mahogany and gold in uniform stripes. Plants are dwarf, but of spreading habit.

DWARF AFRICAN "LITTLE GIANTS"

Gypsy Jewels

Pkt. 25c

New strain of "Little Giants". Blooms measure four inches across, produced on compact plants 15 inches tall. The huge flowers are so freely produced, 15 to 25 at a time, that the plants will form a neat hedge of solid bloom of variegated colors.

Limelight

Pkt. 15c

Lightest in color of all the Marigolds, and almost identical to florists' Chrysanthemums in form. Exquisite flowers, 21/4 inches in size, on plants 20 inches in height.

Pot o' Gold

Pkt. 25c

Large, tight 4-inch flowers in warm orange tones. Plants grow 15 inches high in erect hedge fashion. Ideal for bedding or for edging flower beds of other plants.
**NASTURTIUMS**

Free-flowering annuals with brightly colored single and double flowers, with unusual decorative foliage, both in shades of bright green and darker colors, prettily veined. Used for beds, as edgings and to trail and climb. Flower all summer in full sunlight, in any kind of soil.

- Pkt. 15c, any 2 pkts. 25c, ½ oz. 65c

**RECENT INTRODUCTIONS**

- **Imperial Pink King.** Pkt. 20c
  - Tall and imposing spikes of salmon-rose flowers. Fully double, the individual flowers measure 2 inches, are evenly and closely placed on long stems of excellent cutting length.

- **Dauntless Improved.** Pkt. 20c
  - A deep shade of lilac-blue; fully double flowers on long strong stems. A much admired color that does not fade.

- **White King.** Glistening white with rounded broad petals. The individual florets are well placed on the strong stems that are splendid for cutting.

**LOBELIA**

Crystal Palace
- Pkt. 15c, ¼ oz. 60c
- Ideal edging plant with masses of small vivid blue flowers almost completely covering the bronze-green foliage. Perfect for a ribbon border or edging. The nearest to navy blue in any flower. Compact plants 4 inches high. Combines especially well with Alyssum, Little Gem.

---

**MIGNONETTE**

Old-Fashioned Sweet-Scented
- Pkt. 15c
- The sweet fragrance of Mignonette is a delight in the garden. Giant flowering spiralkike blooms on plants ½ feet tall, in mixed colors of pink, yellow, rosy red and pure white. Decorative in the border and lovely in bouquets.

**MOONFLOWER**

Giant White
- Pkt. 15c
- A quick growing vine with large white fragrant flowers. Blooms at night, flowers lasting until the following day. Grown on trellises it provides splendid shade. Often planted alternately with Heavenly Blue Morning Glories.

**NICOTIANA - FLOWERING TOBACCO**

Annuals particularly noted for their fragrance, which is especially pronounced during the evening and night. Flowers are of rather tubular shape, opening into five-petal blooms, somewhat resembling Petunias. In constant bloom during summer and fall.

- **Crimson Bedder.** Pkt. 15c
  - Widely planted in beds, as its habit of growth is quite orderly. Has moderate fragrance.

- **Pink Shades.** Pkt. 15c

ZINNIAS—Always Popular

New forms have so widened the field of Zinnias that even the most discriminating fancier can take delight in growing them. In addition to the full giant Dahlia-Flowered forms, we now have the graceful Fantasy types, useful Cut-and-Come-Again varieties, chunky little Pompon fellows, and handsome Crested sorts. Zinnias delight in a rich soil and a sunny location. They are definitely hot weather flowers, reveling in warm summer sun and continuing their prolific bloom into early autumn.

IMPROVED LILLIPUT or POMPOM
Mixed Colors  Pkt. 15c
These little fellows are the darlings of the garden. They grow about 12 to 18 inches high, with fine, rounded heads of flowers about 1 to 1 1/2 inches across. Colors are unusually sharp and clear, making them just the thing for table use. Excellent for edging beds of taller growing plants, their sparkling tints and clean cut habit of growth adding much to the entire planting. Mixed colors.

Pastel Shades Mixed  Pkt. 15c  1/2 oz.  75c
Lilliputs are cut so extensively for home, use that a special mixture of pastel tones most suited for this purpose, has been prepared. Soft colors of flesh-pink, lilac, salmon-rose, white, etc., in a harmonious blending.

Black Ruby  Pkt. 25c (Winner of A. A. S. Bronze Medal. A deep velvety maroon Lilliput or Pompon Zinnia of exceptional merit. A most distinct color for this class. Flowers 1 1/2 inches across on 18-inch stems.)

CUT-AND-COME-AGAIN
Mixed Colors  Pkt. 15c
The more you cut, the more you get. Medium-sized flowers about 2 1/2 inches across, well rounded and abundantly produced on plants growing up to 1 1/2 feet tall. Flowers last a long time after being brought to the house. All colors mixed.

FANTASY ZINNIAS
Mixed Colors  Pkt. 25c
Round flowers, about 3 to 3 1/2 inches across, made up of twisted, tubular petals, giving them the appearance of shaggy Chrysanthemums. Plants grow about 2 feet tall, and bloom profusely all summer long. An excellent source for more informal cut-flowers to use either separately, or to contrast with the more conventional kinds. All conceivable colors.

Rosalee  Pkt. 25c
Appealing rose-pink with twisted and interlaced petals. (Illustrated page 55.)

White Light  Pure white.  Pkt. 15c

Wildfire. Dazzling scarlet.  Pkt. 15c

Finest Delphinium Seed
INTRODUCER'S ORIGINAL STRAIN

Originated on the Pacific Coast, these finest Delphiniums have perfectly huge flowers, 2 1/2 to 3 1/2 inches in diameter, beautifully spaced on well-balanced spikes. They grow 6 feet high, with often a full 3 feet clustered with completely double florets in a range of color that is simply magnificent. Each of the classes offered below has a balanced percentage of "Bees" or "Eyes," some blending, some contrasting with the appealing colors with which they are surrounded.

BLUE SHADES
Light and pastel tones of blue, ranging through clear light blue, sky-blue, ocean-blue, azure, and tending to lavender-blue.

LAVENDER SHADES
Tones of medium intensity in light lavender-blue, pure lavender and many of definite pink-lavender self colors.

VIOLET AND PURPLE TONES
Rich, royal colors of majestic bearing. Darkest violet, rich royal purple, and true and medium dark blues.

PUREST WHITE
Florets of glistening, heavy texture often reaching a size of 3 inches. The purity of the color is immaculate.

ALL COLORS AND SHADES MIXED
It would be difficult to tell all the tints and tones to be found in this comprehensive selection of the finest Delphiniums. Every one a beauty in its own right and of truly noble character.

A Child's Own Garden
OF EASIEST-TO-GROW FLOWERS AND VEGETABLES

All children love to have a space in the garden which is really their own. Flowerfield has carefully chosen this list by consulting the children themselves. The boys seem to favor things to eat, so we've included vegetables. The girls, of course, want flowers. To encourage this constructive pastime, we have selected seeds that will show quick results, and giving them seeds that are large enough for the little fingers to handle. Each packet will be plainly labeled and have a marked wooden plant stake attached for marking them in the garden.

Giant Packet CONTAINING TEN DIFFERENT VARIETIES, EACH WITH A SEPARATE LABEL STAKE FOR THE CHILD'S OWN GARDEN.

Giant Packet, 50c
An Opportunity to Aid in Defense
(AND SAVE MONEY AT THE SAME TIME)

There are many good reasons why you should grow your own vegetables this year. Growing your own food is economical. It will give you more money to invest in Defense Bonds. It will give you better food, to maintain good health so necessary to a civilian population. This war, more than any previous war, will be won by civilian population, healthy, well-fed, and of high morale, able to supply the enormous needs of our armed forces. Outdoor garden work itself will aid good health, and afford a splendid outlet for spare time that curtailment of automobile use is bound to bring.

UNUSUAL SHRUBS

AZALEA

Early spring flowering shrubs of bright colors. Will stand a little shade, but do much better in full sun. Require an acid soil that is moderately moist. Avoid deep cultivation about the plants.

Hinodegiri  Each $2.50, Three $6.75, Doz. $25.00

A slow-growing evergreen variety noted for its flaming flowers of brilliant crimson-scarlet. When in bloom the foliage is completely covered by the innumerable small flowers that mass tightly together.

Kampferia Hybrids  Each $3.00, Three $7.75, Doz. $30.00

One of the hardiest, most reliable, popular varieties. Vigorous in growth, old specimens often spreading 4 feet. Their bright colors, ranging from brick-red, bright pink to purplish tones, look like flaming bonfires. Often planted near Tulips to heighten the effect of riotous spring color.

Mollis Hybrids  Each $3.00, Three $7.75, Doz. $30.00

Large-flowered deciduous Azaleas in a wide range of colors, running through tints and tones of yellow, orange, orange-red, salmon and flame. One of our most hardy varieties, standing temperatures of 10 degrees below zero.

BUDDLEIA - Butterfly Bush

Fortune  Each 75c, Doz. $7.50

(Plant Patent No. 206) The best all-around garden and cutting variety. Pure lilac in color with a brilliant orange eye in each tiny flower, thousands of which make up the sprays that often measure 12 inches long. Should have a hot, dry, sandy soil. Plant at least 6 feet apart. Protect heavily over the winter.

DAPHNE

Cneorum (Garland Flower)  Each $1.00, Three $2.75, Doz. $10.00

Evergreen plants growing 8 to 12 inches high, covered with heavy clusters of pearly pink flowers with an intense, sweet, fragrance. Old specimens will spread 3 to 4 feet across. During the summer cut out old wood to encourage new flowering growth. Prefer soil a bit on the acid side, that must be of a definitely sandy nature, and very well-drained. Cold does not bother them, but they will not stand the intense heat of the South and West. Plant in full sun.

KERRIA

Japonica flora-plena  Each $1.00, Three $2.75, Doz. $10.00

Ball-shaped flowers quite like pompon Chrysanthemums in a color seldom found in shrubs. Rich golden orange blooms borne during May and June in graceful sprays on plants growing 4 to 5 feet in height. Excellent for cutting. Plant in a sunny location.

PRUNUS

Triloba (Flowering Plum)  Each $1.00, Three $2.75, Doz. $10.00

Blooms early in May before the leaves appear, with small, double, pearly pink flowers thickly clustered on every branch and twig, so that no wood is visible. Where Narcissi are naturalized in woodland, it is well to have a few Prunus Triloba to give another and different spring color.
New Life for Permanent Borders

Syringa - Lilac

We list only selected varieties of new French Hybrids, all of which have typical Lilac fragrance in addition to large size, and new and improved colors. The old Vulgaris type has been included as it is still quite popular for mass plantings. Bloom in June. Ultimate height 15 to 20 feet.

Jan Van Tol Each $2.00, Three $5.25, Doz. $20.00
Largest trussed, single white Lilac of European origin. Noted for its large, pure white florets, and great lacy trusses.

Katherine Havemeyer Each $2.00, Three $5.25, Doz. $20.00
Purple buds, giving the flower a pink cast when opening. Shifting colors but generally described as cobalt-lilac, flushed mauve.

Miss Ellen Willmott Each $2.00, Three $5.25, Doz. $20.00
Extremely fragrant, with huge flowers of purest alabaster-white. Large branched panicles and rounded flowers.

Mrs. Edward Harding Each $2.00, Three $5.25, Doz. $20.00
The best double red Lilac. Large panicles of huge, full flowers of brightest carmine.

President Grevy Each $2.50, Three $7.00, Doz. $25.00
One of the earliest hybrids. Flowers are single, quite large, and appear in elegant clusters. Color is mauve-pink.

Souv. de Ludwig Spaeth Each $2.50, Three $7.00, Doz. $25.00
Large, single flowers of crimson-purple. The clusters are narrow but large, and quite symmetrically filled.

Vulgaris (Common Lilac) Each 75c, Three $2.00, Doz. $7.50
Deliciously fragrant, lilac-colored flowers in large panicles in May and June.

Clematis - Large Flowered Hybrids

Showy climbing vines that are in full bloom during July. With the introduction of New Large Flowered Hybrids, all colors running through white, pink, blue, purple and red, can be obtained. Flowers measure several inches across and are borne in great numbers. Ultimate height 10 to 15 feet. Like a rich soil that must be perfectly drained. Plant Clematis setting the roots straight down. Prefer full sun, but will stand light shade.

Crinum King Each $1.50, Three $4.00
Large striking flowers of bright crimson-red, with contrasting white center.

Duchess of Edinburgh Each $1.00, Three $2.75
Magnificent flowers of pure white. Fully double, with two layers of petals.

Jackmani Each $1.00, Three $2.75
Most widely planted variety. Large purple-blue flowers in great profusion.

Mme. Baron-Veillard Each $1.00, Three $2.75
One of the latest to flower, with large flowers of bright lilac-pink.

Mme. Edouard Andre Each $1.00, Three $2.75
Unusual color of bright velvety red. Center stamens offset the bright color of the flowers.

Ramona Each $1.00, Three $2.75
In the few years this variety has been available, it has become very popular. Its color, bright lavender-blue, is most attractive.
A Perfect Lawn

BEAUTIFUL SETTING FOR YOUR BEAUTIFUL GARDEN

When you consider how impossible it is to have a garden without a lawn, we are almost tempted to reverse this statement, and say, that a garden is a perfect setting for a lawn. Surely you must have turned many a time to admire a home surrounded by rich green turf that has been regularly and carefully mowed. The restful green of well-kept grass is easy to look upon, and brings the feeling of complete contentment that one looks forward to in the peaceful surroundings of a home.

Far centuries English gardeners have been famous and this fame has rested, not so much on their wonderful flowers and immutably kept grounds, as upon rich, velvety carpets of bluish green grass. Visitors to England invariably come away with the feeling that there the grass is greener. This feeling of easy, natural growth seems to influence and enhance the beauty of the entire garden and landscape.

It isn't really difficult to have such a lawn, if you will follow a few fundamentals of lawn mowing and use good seed. Whether needed for sun or shade, a good grass seed formula must be composed of grass varieties that will succeed each other in periods of greemness, to carry through from early spring to early winter. They must root deeply, to withstand summer draught, grow fast and thickly together to crowd out weeds, and be of rugged constitution to withstand hard wear and abuse.

Flowerfield Gross Formulas do all these things for you. Not only are the proper ingredients used, in balanced proportions, but dirt, chaff, inert matter, and weed seeds are removed by the most modern seed cleaning machinery. Periodic germination tests further insure that you receive only strong, live seed at highest vitality.

HOW TO PREPARE YOUR LAWN

Dig soil 6 inches deep, breaking up all clods, removing sticks, stones and rubbish. Draw a rake over the soil, back and forth, until it is in fine mellow condition. Broadcast seed at the rate of 1 pound to 200 square feet. Divide the seed into 2 parts before you begin, and sow one-half over the entire area. Then repeat with the other half, but spreading the seed in the opposite direction to be sure that no spots are missed. Rake it very, very lightly after seeding, and then roll.

Remember that grass seed grows best in cool, moist weather. It is well to prepare your ground as early in the spring as possible so as to allow the grass to have the maximum period of favorable growing weather thereafter. Early fall, from Labor Day to early October is another fine time to establish a good lawn.
